Subject: Certification Label Missing Information/Part 567

Dear Mr. Neff:

This letter serves to acknowledge Nissan North America, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

NISSAN/GT-R/2015-2016

Mfr's Report Date: November 20, 2015

NHTSA Campaign Number: 15V-795

Components:

EQUIPMENT:OTHER:LABELS

Potential Number of Units Affected: 18

Problem Description:

Nissan North America, Inc. (Nissan) is recalling certain model year 2015-2016 GT-R vehicles manufactured February 24, 2014, to June 16, 2015 to be sold in Puerto Rico. The affected vehicles have a Certification Label that is missing the Gross Vehicle Weight Rating (GVWR) and Gross Axle Weight Rating (GAWR) information. As such, these vehicles fail to comply with the requirements of 49 CFR Part 567, "Certification."

Consequence:

Due to the label missing the GVWR/GAWR information, the operator may overload the vehicle, increasing the risk of a crash.

Remedy:

Nissan will notify owners, and dealers will apply a corrected label, free of charge. The manufacturer has not yet provided a notification schedule. Owners may contact Nissan customer service at 1-800-647-7261.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

NHTSA has received Nissan's draft owner notification letter and approved it for distribution.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal standards.

Please be reminded of the following requirements:

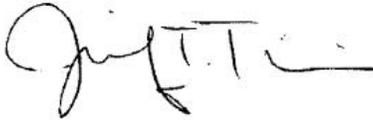

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

You are required to provide an estimated date including month, day, and year, when you will send notifications to owners, dealers, and distributors as soon as it becomes available. Please be reminded that it is required that owners be notified of a safety defect in their vehicles within 60 days of a manufacturer's notification to NHTSA of a safety defect in those vehicles.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Sarah Mcshane who may be reached by phone at 202-366-7401, or by email at sarah.mcshane@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,
