STRUCTURE

Potential Number of Units Affected: 188

Problem Description:

Strick Trailers, LLC (Strick) is recalling certain model year 2007, 2009, and 2015 Dry Freight Van Trailers, equipped with rear impact guard gussets 59653 and 59654. These rear impact guard gussets increase the chances of injury in the event of a crash. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) No. 223, "Rear Impact Guards."

Consequence:

If the rear impact guards do not meet safety standards, it can increase the risk of injury in the event of a crash.

Remedy:

Strick will notify owners, and dealers will install reinforcements, or replace the rear impact guards, free of charge. The manufacturer has not yet provided a notification schedule. Owners may contact Strick customer service at 1-704-436-2590.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

You are required to provide an estimated date including month, day, and year, when you will send notifications to owners, dealers, and distributors as soon as it becomes available. Please be reminded that it is required that owners be notified of a safety defect in their vehicles within 60 days of a manufacturer's notification to NHTSA of a safety defect in those vehicles.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
