Subject: Incorrect Tire Size on Federal Label/Part 567

Dear Mr. Fisher:

This letter serves to acknowledge Forest River, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

FOREST RIVER/PRIME TIME/2016

Mfr's Report Date: December 22, 2015

NHTSA Campaign Number: 15V-875

Components:

EQUIPMENT:OTHER:LABELS

Potential Number of Units Affected: 60

Problem Description:

Forest River, Inc. (Forest River) is recalling certain model year 2016 Prime Time recreational trailers, models FHT2614X, FHT2910 and FHT2912X, manufactured September 14, 2015, to December 17, 2015. The affected vehicles may be equipped with a Federal Placard that lists an incorrect tire size of ST225/75R15 Load Range E, when the correct tire size is ST225/75R15 Load Range D. The actual tires installed on the trailer have a maximum tire pressure lower than what the placard lists and may be overinflated if filled per the placard specifications. As such, these vehicles fail to comply with the requirements of 49 CFR Part 567, "Certification."

Consequence:

Over inflated tires may result in sudden tire failure and increase the risk of a crash.

Remedy:

Forest River will notify owners and will provide a corrected Federal placard, free of charge. The recall is expected to begin February 17, 2016. Owners may contact Forest River customer service at 1-574-862-3001. Forest River's number for this recall is 49-12182015-0124.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

We have received Forest River's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,
