Chronology :

February 19, 2015 - KZ was notified by Thor Industries Compliance Manager that a potential issue with HSM steps is in process.

February 24, 2015 - KZ was sent list of quad step products purchased from both HSM directly and Lippert Components. In addition, a copy of HSM's 573 report was sent to Thor Industries and forwarded to KZ. KZ was also aware that discussions regarding the recall population were in process at HSM.

March 5, 2015 - Thor Industries was contacted by HSM stating the recall population was going to be expanded but the final details were not available.

March 18, 2015 - HSM distributed a draft copy of the documents associated with the expanded recall population of the quad step recall.

March 23, 2015 - KZ issues a product recall for affected trailers.

Description of Remedy :

Description of Remedy Program : The remedy is to inspect the step and replace the two rivets joining the second and third step (from the ground) and the four rivets on the top step with new fasteners that will be provided. The parts and service will be provided at no charge.

How Remedy Component Differs from Recalled Component : The field repair will replace the specified rivets with shoulder bolts.

Identify How/When Recall Condition was Corrected in Production : Per HSM documents, the step was corrected in production on January 9, 2015. Any shipment after that date will have corrected product.

Recall Schedule :

Description of Recall Schedule : KZ will notify the dealers and owners or the affected recreational vehicles by letter. A copy of the letters will be provided to NHTSA for approval prior to distribution.

Planned Dealer Notification Date : APR 06, 2015 - APR 10, 2015
