Chronology :

At the end of October 2014 Haldex informed DTNA of a manufacturing issue with certain Life Seal brake chambers. DTNA began an investigation to determine the impact of the issue and which vehicles may have been built with the suspect Life Seal Brake Chambers. In November 2014 DTNA decided to initiate a voluntary safety recall (14V-758) for certain vehicles equipped with Haldex Life Seal brake chambers. In March 2015 Haldex notified DTNA that they recalled Life Seal Brake chambers that had previously passed the inspection process developed for the initial Haldex Life Seal brake chamber recall. DTNA decided to initiate a voluntary safety recall for an expanded population of certain vehicles equipped with Haldex Life Seal brake Chambers.
