End : NR

 Not sequential VINs**Description of Defect :**

Description of the Defect : Per HSM, Inc., formerly known as Hickory Springs Manufacturing, a defect exists in certain RV step models manufactured by HSM. Steps that shipped between October 18, 2012 and January 9, 2015 have specific rivets in specified locations on the step may shear or pull out under load.

Description of the Safety Risk : Defective rivets may allow section/s of the step to come loose and/ or break off creating a safety hazard to customers.

Description of the Cause : Per HSM, the rivets are not large or strong enough to withstand a reasonable amount of weight.

Identification of Any Warning that can Occur : Per HSM, there is no visual or audible warning which would precede a failure

Supplier Identification :

Component Manufacturer

Name : HSM, INC

Address : 235 2nd Ave NE
Hickory NORTH CAROLINA 28604

Country : United States

Chronology :

5-12-15 Highland received notification from HSM pertaining to their recall 15E013 ,which included list of POs from LCI (distributor of the HSM steps to Highland) for the recalled steps - POs were matched to production records to create scope of affect trailers

Description of Remedy :

Description of Remedy Program : HSM repair is to replace certain rivets in specified location with larger bolts that are rated for much higher weight.

How Remedy Component Differs from Recalled Component : NR

Identify How/When Recall Condition was Corrected in Production : NR

Recall Schedule :

Description of Recall Schedule : Highland Ridge is prepared to contact current owner of the trailers to have the repair performed by a Highland dealer at no charge
