Chronology :

Please see the attached supplemental information titled "FCA US LLC Chronology 2014 KL Vehicles BCM 081115.pdf".

On August 4, 2015, FCA US determined, through the Vehicle Regulations Committee, to conduct a voluntary safety recall of the affected vehicles.

Description of Remedy :

Description of Remedy Program : The field repair to correct the issue is to add a ground strap from the vehicle body to the front wiper support bracket to protect the BCM from the effects of Electro-Static Discharge.

FCA US has a longstanding policy and practice of reimbursing owners who have incurred the cost of repairing a problem that subsequently becomes the subject of a field action.

To ensure consistency, FCA US, as part of the owner letter, will request that customers send the original receipt and/or other adequate proof of payment to the company for confirmation of the expense.
