

**Part 573 Safety Recall Report****15V-673****Manufacturer Name :** Chrysler (FCA US LLC)**Submission Date :** FEB 23, 2016**NHTSA Recall No. :** 15V-673**Manufacturer Recall No. :** R60**Manufacturer Information :**

Manufacturer Name : Chrysler (FCA US LLC)

Address : 800 Chrysler Drive

CIMS 482-00-91 Auburn Hills MI 48326-2757

Company phone : 1-800-853-1403

**Population :**

Number of potentially involved : 284,611

Estimated percentage with defect : 1

**Vehicle Information :**

Vehicle : 2003-2003 Jeep Liberty

Vehicle Type :

Body Style : SUV

Power Train : NR

Descriptive Information : Some 2003 Jeep Liberty vehicles.

Production Dates : MAR 29, 2003 - JUL 03, 2003

**VIN (Vehicle Identification Number) Range**

Begin : NR

End : NR

 Not sequential VINs

Vehicle : 2004-2004 Jeep Grand Cherokee

Vehicle Type :

Body Style : SUV

Power Train : NR

Descriptive Information : Some 2004 Jeep Grand Cherokee vehicles.

Production Dates : MAY 27, 2003 - MAY 20, 2004

**VIN (Vehicle Identification Number) Range**

Begin : NR

End : NR

 Not sequential VINs**Description of Defect :**

Description of the Defect : Some vehicles may experience inadvertent deployment of the front or side curtain airbag, and/or seatbelt pretensioners.

FMVSS 1 : NR

FMVSS 2 : NR

Description of the Safety Risk : Airbags that unexpectedly deploy may increase the risk of a crash or injury.

Description of the Cause : NR  
Identification of Any Warning that can Occur : NR

**Supplier Identification :****Component Manufacturer**

Name : TRW Automotive  
Address : 24175 Research Drive  
Farmington Hills MICHIGAN 48335-2642  
Country : United States

**Chronology :**

- On September 14, 2015, FCA US LLC (f/k/a Chrysler Group, LLC) ("FCA US") presented to the National Highway Transportation Administration ("NHTSA"), knowledge of inadvertent airbag deployment incidents involving one Jeep Liberty (KJ) and six Jeep Grand Cherokee (WJ) vehicles that were built outside of the original 12V-527 (M35) and 15V-046 (R06) recall populations.
- Based on input outside of the original suspect population and on a September 30, 2015 conversation with NHTSA, FCA US re-evaluated the scope of recall 15V-046 (R06) to assess the need to address vehicles built through the end of the 2003 MY for the Jeep Liberty (KJ) and the end of the 2004 MY for Jeep Grand Cherokee (WJ) vehicles.
- FCA US is not aware of any crashes caused by an inadvertent airbag deployment event in either Jeep Liberty (KJ) or Jeep Grand Cherokee (WJ) vehicles.
- FCA US is aware of some minor injuries to occupants, related to contact with the deploying airbags.
- On October 9, 2015, FCA US determined, through the Vehicle Regulations Committee, to conduct a voluntary safety recall of the affected vehicles.

**Description of Remedy :**

Description of Remedy Program : FCA US will conduct a voluntary safety recall on all affected vehicles to replace the ORC module and side impact sensors as required.  
FCA US has a longstanding policy and practice of reimbursing owners who have incurred the cost of repairing a problem that subsequently becomes the subject of a field action. To ensure consistency, FCA US, as part of the owner letter, will request that customers send the original receipt and/or other adequate proof of payment to the company for confirmation of the expense.

How Remedy Component Differs from Recalled Component : NR  
Identify How/When Recall Condition was Corrected in Production : NR

**Recall Schedule :**

Description of Recall Schedule : 11/10/15: FCA US will provide interim dealer/owner notification on 11/30/15 . FCA US is targeting final dealer/owner notification 3rd quarter of 2016.\*\*\*

10/15/15: FCA US will provide a dealer notification and owner notification schedule once established.

Planned Dealer Notification Date : NR - NR

Planned Owner Notification Date : NR - NR

\* NR - Not Reported
