

Part 573 Safety Recall Report**15V-700****Manufacturer Name :** Honda (American Honda Motor Co.)**Submission Date :** OCT 22,2015**NHTSA Recall No. :** 15V-700**Manufacturer Recall No. :** JV6**Manufacturer Information :**

Manufacturer Name : Honda (American Honda Motor Co.)

Address : 1919 Torrance Blvd.

Torrance CA 90501

Company phone : 310-783-2000

Population :

Number of potentially involved : 145,219

Estimated percentage with defect : 0

Vehicle Information :

Vehicle : 2012-2012 Honda GL1800

Vehicle Type : MOTORCYCLES

Body Style :

Power Train : NR

Descriptive Information : The recall population was determined based on manufacturing records. The VIN range reflects all possible vehicles that could potentially experience the problem.

Production Dates : FEB 10, 2011 - JUN 18, 2012

VIN (Vehicle Identification Number) Range

Begin : 1HFSC47A65A400061

End : 1HFSC47A85A401180

Not sequential VINs

Description of Defect :

Description of the Defect : On July 24, 2014 Honda announced a safety recall (14V-472) of the secondary master cylinder of certain 2001-2010 and 2012 model year GL1800 motorcycles while continuing to investigate the root cause. This recall notification expands the VIN range of safety recall 14V-472. It has been determined brake fluid deposits may form as a result of prolonged age or lack of maintenance which may create a blockage within the check valve orifice of the secondary master cylinder.

FMVSS 1 : NR

FMVSS 2 : NR

Description of the Safety Risk : A blockage within the check valve orifice may prevent the rear brake pressure from releasing. Unexpected braking/dragging increases the risk of a crash and continued riding with the rear brake engaged/dragging may generate enough heat causing the rear brake to catch fire.

Description of the Cause : NR

Identification of Any Warning that can Occur : NR

Supplier Identification :

Component Manufacturer

Name : NR

Address : NR

NR

Country : NR

Chronology :

Please see attachment for the chronology.

Description of Remedy :

Description of Remedy Program : All registered owners of affected motorcycles will be contacted by mail to inform them of the available remedy, the importance of adhering to the

recommended maintenance schedule, and asked to take their motorcycle to a Honda motorcycle dealer. The dealer will replace the secondary master cylinder with one that has a modified check valve. In addition to replacing the secondary master cylinder, the dealer will also replace the rear master cylinder and flush the brake fluid with an updated procedure, free of charge.

How Remedy Component Differs from Recalled Component : NR

Identify How/When Recall Condition was Corrected in Production : NR

Recall Schedule :

Description of Recall Schedule : NR

Planned Dealer Notification Date : OCT 16, 2015 - NR

Planned Owner Notification Date : NR - NR

* NR - Not Reported
