

Part 573 Safety Recall Report**15V-805****Manufacturer Name :** Terex Environmental Equipment**Submission Date :** MAY 09, 2016**NHTSA Recall No. :** 15V-805**Manufacturer Recall No. :** NR**Manufacturer Information :**

Manufacturer Name : Terex Environmental Equipment

Address : 1250 Commerce Drive
Farwell MI 48622

Company phone : 989 588 4295

Population :

Number of potentially involved : 141

Estimated percentage with defect : 75

Vehicle Information :

Vehicle : 2007-2015 Terex Environmental equip 700,705,710,720,730,750,770,790

Vehicle Type : TRAILERS

Body Style :

Power Train : NR

Descriptive Information : All models are wood chippers that are trailer mounted

Production Dates : AUG 30, 2011 - MAY 20, 2013

VIN (Vehicle Identification Number) Range

Begin : NR

End : NR

 Not sequential VINs**Description of Defect :**

Description of the Defect : The decals would not adhere to the powder coat paint - this is the Terex white color only

FMVSS 1 : NR

FMVSS 2 : NR

Description of the Safety Risk : The risk is that a decal that describes operation may be missing from the chipper

Description of the Cause : NR

Identification of Any Warning that can Occur : NR

Supplier Identification :**Component Manufacturer**

Name : NR

Address : NR

NR

Country : NR

Chronology :

After the decals were applied they could be washed off or would come off during transport. This was caused by small amounts of wax in the paint which did not allow the stickers to be applied properly.

First notice of this issue was in May of 2013 when the first recall was sent out. It applied to machines made between Aug 30th, 2011 to May 20th, 2013.

In the fall of 2015 Terex as a company went through previous recalls and decided to extend this previous recall to identify any machines made between the times.

A full recall was issued (11/30/2015) and 141 decal packages with recall letters were sent out to the last known owner in January of 2016 within the 60 day period, sent out Jan 15, 2016.

To date we have received back 5 warranty claims for the recalls. All 5 claims were resolved on 2/19/2016.

Description of Remedy :

Description of Remedy Program : We worked with decal vendors to find a better decal that would withstand the harsh environment

How Remedy Component Differs from Recalled Component : NR

Identify How/When Recall Condition was Corrected in Production : NR

Recall Schedule :

Description of Recall Schedule : NR

Planned Dealer Notification Date : NR - NR

Planned Owner Notification Date : NR - NR
