

# Audi of America, Inc.

Date: March 16, 2015  
To: Audi Dealer Principal, Service Manager, and Parts Manager  
From: Audi Product Compliance  
Subject: Parts Allocation to Support Safety Recall 24AP Revision  
Fuel Injection System Leak  
Certain 2011-2013 Model Year Audi S4, S5, A6, A7 and Q7 with 3.0L TFSI Engine

Dear Audi Dealer Principal, Service Manager, and Parts Manager:

In support of the March 17, 2015 revision to Safety Recall Criteria 03 repair instructions, a parts allocation has been supplied to affected dealers as shown below. Instead of replacing the entire breather assembly, each vehicle requiring repair under Criteria 03 will now receive parts as follows:

Audi of America, Inc.  
3800 Hamlin Road  
Auburn Hills, MI 48326  
+1 248 754 5000  
www.audiusa.com

Part Number/Description
06E103772G Repair set for pressure control valve (Ventilation for cylinder block)
06E103271B Restrictor

With this revision, a new pressure regulating valve is no longer needed (see below).

Part Number/Description
06E103547H Pressure regulating valve (Vent trim) <b>DO NOT INSTALL</b>

As a reminder, the revised repair instructions will be published in Elsa and in ServiceNet on March 17, 2015. Please ensure that everyone in your dealership – including Parts and Service personnel – are made aware of this important revision.

**Important Reminder on Vehicles Affected by Safety and Compliance Recalls**  
***By law, dealers must correct, prior to delivery for sale or lease, any vehicle that fails to comply with an applicable Federal/Canadian Motor Vehicle Safety Standard or that contains a defect relating to motor vehicle safety.***

If you have any questions or require additional assistance, please contact Warranty.
