****Additional Remedy Procedure Clarification****

Safety Recalls DSF and E04 Certain 2003-2008 Model Year Corolla Matrix Vehicles Front Passenger Airbag Module

On March 10, 2016, an additional repair procedure to replace the Airbag Module for Corolla Matrix vehicles was announced and the associated documents released on TIS.

The previously released repair procedure, involving the replacement of the Airbag Inflator, is still valid. Technicians are able to conduct either the Airbag Inflator replacement **OR** the new procedure involving replacement of the Airbag Module for the Matrix vehicles depending on parts availability. Technicians **SHOULD NOT** attempt to replace the Airbag Inflator **AND** conduct the new procedure involving replacement of the Airbag Module. Please see details below.

Inflator Replacement		Airbag Module Replacement
2003-2004 MY Corolla Matrix : 04003-28101		2003-2004 MY Corolla Matrix : 04005-22601
2005-2008 MY Corolla Matrix : 04004-75201		2005-2008 MY Corolla Matrix : 04005-22901
2003-2004 MY Corolla Matrix USTT : 04003-11101		2003-2004 MY Corolla Matrix USTT : 04005-22501
2005-2008 MY Corolla Matrix USTT : 04004-75101		2005-2008 MY Corolla Matrix USTT : 04005-22801
	<u>OR</u>	2003-2008 MY Corolla Matrix Wire Harness : 04005-28112
		

The Airbag Module parts (04005-22601 and 04005-22901) have been placed on DOS. **Please continue to order and utilize the Airbag Inflator parts (04003-28101, 04004-75201, 04003-11101 and 04004-75101) until your facing PDC is out of stock and you have utilized the remainder of your dealer inventory as well.** Orders placed for Airbag Inflators will substitute to the Airbag Module **AND** Wire Harness once inventory has been depleted.

For more information in regards to the inflator parts status, please check the Toyota Special Activities MAC/DOS report on Dealer Daily for the most up-to-date parts ordering information.

Refer to the Dealer Letter and/or Technical Instructions on TIS for additional information.

Thank you for your cooperation.
