TO: All U.S. Ford and Lincoln Dealers

SUBJECT: NEW VEHICLE DEMONSTRATION / DELIVERY HOLD – Safety Recall 15S21 – Supplement #8

Certain 2005-2006 Model Year Ford GT and 2005-2014 Model Year Mustang Vehicles
Driver Airbag Inflator or Driver Airbag Module Replacement

New! REASON FOR THIS SUPPLEMENT

- The Takata Airbag Recall Rental Vehicle Policy has changed. Dealers should review the entire attachment to become familiar with the new changes.
- Dealers must notify customers in rental vehicles the same day the repair is completed on their vehicle and request that they promptly return the rental vehicle. Rental days in excess of 7 days from the time the customer is notified will not be reimbursed.

NOTE: The airbag inflators used in this recall are shipped directly from the supplier rather than from a Ford parts warehouse. Parts warehouses will not show any inventory of these parts despite inventory being readily available for ordering.

AFFECTED VEHICLES

<table>
<thead>
<tr>
<th>Vehicle</th>
<th>Model Year</th>
<th>Assembly Plant</th>
<th>Build Dates</th>
<th>Parts Availability</th>
</tr>
</thead>
</table>

Affected vehicles are identified in OASIS and FSA VIN Lists.

REASON FOR THIS SAFETY RECALL

Takata has determined that the airbag inflator propellant wafers in some inflators may experience an alteration over time, which could potentially lead to an over-aggressive combustion in the event of a crash that requires airbag deployment. This potential condition could create excessive internal pressure when the airbag is deployed, which could result in the body of the inflator rupturing upon deployment increasing the risk of injury to occupants.

SERVICE ACTION

- Before demonstrating or delivering 2005-2006 Ford GT and 2005-2012 Mustang vehicles, dealers are to replace the driver airbag inflator.
- Before demonstrating or delivering any new in-stock 2013-2014 Mustang vehicles, dealers are to replace the driver airbag module.
- Dealers must also perform safety recall 16S26, 17S01 or 18S01 on the passenger side airbag if any of these recalls are open in OASIS.

NOTE: All replaced driver airbag inflators and driver airbag modules must be returned for analysis.

NOTE: All vehicles that were previously repaired under Safety Recall 14B09 will also require driver airbag inflator replacement, as directed by this safety recall.

This service must be performed on all affected vehicles at no charge to the vehicle owner.
OWNER NOTIFICATION MAILING SCHEDULE

All original owner letter mailings have been completed. To encourage customers to have this important safety recall completed, follow up owner letter mailings are currently being sent on a regular cadence to customers that have not yet had this recall completed.

Dealers must repair any affected vehicles that arrive at their dealerships, whether or not the customer has received a letter.

PLEASE NOTE:

Federal law requires dealers to complete this recall service before a new vehicle is delivered to the buyer or lessee. Violation of this requirement by a dealer could result in a civil penalty of up to $21,000 per vehicle. Correct all vehicles in your new vehicle inventory before delivery.

New! ATTACHMENTS

Attachment I: Administrative Information
Attachment II: Labor Allowances and Parts Ordering Information
Attachment III: Technical Information
Attachment IV: Regional Core Recovery Center (RCRC) Airbag Inflator Return Process
Attachment V: Dealer Q & A
Attachment VI: Takata Airbag Recall Rental Vehicle Policy

Owner Notification Letter

QUESTIONS & ASSISTANCE

For questions and assistance, contact the Special Service Support Center (SSSC) via the SSSC Web Contact Site. The SSSC Web Contact Site can be accessed through the Professional Technician Society (PTS) website using the SSSC link listed at the bottom of the OASIS VIN report screen or listed under the SSSC tab.

Sincerely,

David J. Johnson
NEW VEHICLE DEMONSTRATION / DELIVERY HOLD – Safety Recall 15S21 – Supplement #8
Driver Airbag Inflator or Driver Airbag Module Replacement

OASIS ACTIVATION
OASIS was activated on June 4, 2015.

FSA VIN LISTS ACTIVATION
FSA VIN Lists were available through https://web.fsavinlists.dealerconnection.com on June 4, 2015.
Owner names and addresses became available on August 1, 2016.
NOTE: Your FSA VIN Lists may contain owner names and addresses obtained from motor vehicle registration records. The use of such motor vehicle registration data for any purpose other than in connection with this recall is a violation of law in several states, provinces, and countries. Accordingly, you must limit the use of this listing to the follow-up necessary to complete this recall.

SOLD VEHICLES
• Owners of affected vehicles will be directed to dealers for repairs.
• Immediately contact any of your affected customers whose vehicles are not on your VIN list but are identified in OASIS. Give the customer a copy of the Owner Notification Letter (when available) and schedule a service date.
• Correct other affected vehicles identified in OASIS which are brought to your dealership.
• Dealers are to prioritize repairs of customer vehicles over repairs of new and used vehicle inventory.

STOCK VEHICLES
• Correct all affected units in your new vehicle inventory before delivery.
• Use OASIS to identify any affected vehicles in your used vehicle inventory.

New! USED CAR LOTS/OTHER FRANCHISES
Dealers are encouraged to establish ongoing contacts with local used car lots, non-Ford or Lincoln branded dealerships, independent repair facilities and vehicle auctions. Dealers should request that these businesses notify them if they have vehicles affected by a Takata airbag recall. If a dealer is notified of vehicles that have an open Takata airbag recall, repairs must promptly be made to these vehicles.

New! DEALER-OPERATED RENTAL VEHICLES
The Fixing America’s Surface Transportation (FAST) Act law effective June 2016 prohibits a rental company from selling, renting or leasing vehicles subject to a safety or compliance recall. Please consult your legal counsel for legal advice.

TITLE BRANDED / SALVAGED VEHICLES
Affected title branded and salvaged vehicles are eligible for this recall.

QUICK LANE REPAIRS
• At the dealer’s discretion, dealers with Quick Lanes may now use Quick Lane service bays and Quick Lane technicians to perform Takata Airbag Recalls.
• Claim processing, hazardous material handling and parts returns MUST be processed through the main dealership’s warranty submission process and parts department.
• No other warranty or recall repairs are allowed at Quick Lanes at this time.

OWNER REFUNDS
Refunds are not approved for this program.
NEW VEHICLE DEMONSTRATION / DELIVERY HOLD – Safety Recall 15S21 – Supplement #8
Driver Airbag Inflator or Driver Airbag Module Replacement

New! RENTAL VEHICLES
The recall repair for these vehicles takes less than one hour to complete. With proper dealer parts ordering and service appointment scheduling, rental vehicles should not be required to complete this recall repair. However, if a customer requests a rental vehicle while their vehicle is being repaired, dealers are pre-approved for up to 4 days of rental vehicle reimbursement. Prior approval for more than 4 rental days is required from the Special Service Support Center (SSSC) via the SSSC Web Contact Site and is not to exceed 7 days from the time the customer is notified that their vehicle is repaired. Refer to the Short Term Rental Process in the Takata Airbag Recall Rental Vehicle Policy.

NOTE: This rental vehicle provision is an effort to make it easier for customers to have this recall repair completed on their vehicle and should only be offered when a customer requests a rental vehicle. Rental vehicles must not be used to help manage service department scheduling. To minimize the time that a customer is in a rental vehicle, dealers must order the required parts prior to the customer’s appointment.

FORD GT SPECIAL HANDLING
Dealers are authorized to claim up to a maximum combined value of $200 to provide unique services to Ford GT owners under this recall. Examples of potential services include:

- Technician travel to vehicle location for remote repair
- Vehicle transportation (towing/flatbed) to dealership
- Vehicle re-delivery to the owners location after repairs have been completed
- Ford and Lincoln Dealerships are authorized to claim the special handling allowance.

In some cases, $200 may not be sufficient to tow the vehicle to the dealership and redeliver to the customer. Dealers are encouraged to consider remote repairs at the vehicles location in these scenarios.

ADDITIONAL REPAIR (LABOR TIME AND/OR PARTS)
Additional repairs identified as necessary to complete the FSA should be managed as follows:

- Vehicles that have deployed, missing, or modified airbags need to be reviewed by the Special Service Support Center (SSSC) to ensure the potential risk for airbag inflator rupture is no longer present. Dealers are encouraged to submit a VIN-specific web contact request to the SSSC with pictures showing the airbag’s state and vehicle’s VIN plate so a determination can be made.
- For related damage and access time requirements, refer to the Warranty and Policy Manual – Section 6 – Ford/Lincoln Program Policies – Field Service Actions (FSA) – Related Damage.
- Submit an Approval Request to the SSSC Web Contact Site prior to completing the repair.
NEW VEHICLE DEMONSTRATION / DELIVERY HOLD – Safety Recall 15S21 – Supplement #8
Driver Airbag Inflator or Driver Airbag Module Replacement

New! CLAIMS PREPARATION AND SUBMISSION

• Enter claims using Dealer Management System (DMS) or One Warranty Solution (OWS) online.
  o When entering claims, select claim type 31: Field Service Action. The FSA number (15S21) is the sub code.
  o For additional claims preparation and submission information, refer to the Recall and Customer Satisfaction Program (CSP) Repairs in the OWS User Guide.

• Additional labor and/or parts must be claimed as related damage on a separate repair line from the FSA. IMPORTANT: Click the radio button on the Related Damage Indicator.

NOTE: The serial number of the new airbag inflator must be provided to Ford for the claim to be processed, including all 2013-2014 Mustang vehicles. The Technical Information in this bulletin advises technicians to document the new airbag inflator serial number on the repair order. Enter the 13-character serial number of the new airbag inflator in the claim as follows:

• For claims submitted using DMS or OWS on-line, enter the serial numbers in the Test Results Section.
  ▪ Select DTC REQUIRED MEASUREMENT OR RESULTS from the drop down list.
  ▪ Enter the serial number in the CODE field.
  ▪ The serial number must be entered without spaces or dashes.

• For Ford GT Special Handling claim up to a maximum of $200. All Special Handling must be on the same repair line the FSA is claimed. Claim Special Handling under Misc. Expense Code “OTHER.”

• Short-Term Rental Vehicle Reimbursement
  o Short-term rental claims must be submitted under FSA 15S21.
  o Dealers are pre-approved for up to 4 days of rental vehicle reimbursement. Prior approval for more than 4 rental days is required from the Special Service Support Center (SSSC).
  o Refer to the Takata Airbag Recall Rental Vehicle Policy attachment for guidelines and dollar amounts.
  o Claim the rental on the same line as the repair.
    ▪ Enter the total amount of the rental expense under Misc. Expense Code “RENTAL.”

The DOR/COR number for this program is 51036.
Parts are available for open order. Order your parts through normal order processing channels. To guarantee the shortest delivery time, an emergency order for parts must be placed.

**DEALER PRICE**
For latest prices, refer to DOES II.

**IMPORTANT:** Old parts (5R3Z-63043B13-A) used in previous FSA’s must no longer be installed in vehicles can be returned via the FSA parts return process. Please use “CG” as the claim code and note in the shipper field the FSA bulletin number (15S21).
NEW VEHICLE DEMONSTRATION / DELIVERY HOLD – Safety Recall 15S21 – Supplement #8
Driver Airbag Inflator or Driver Airbag Module Replacement

PARTS RETENTION AND RETURN
NOTE: All replaced driver airbag inflators and driver airbag modules must be returned in the new part box. If the new part box is damaged or lost, contact XPO logistics at 210-250-5079 or SCFieldAction.14305@xpo.com for a replacement box.

NOTE: RCRC will only pick-up parts that have a corresponding FCS-700 Tag.

- Part return instructions:
  - Dealers must monitor their OWS parts status report. A FCS-700 tag will be generated for each driver and passenger airbag inflator. Parts will be picked up by the RCRCs.
  - The RCRC will not pick up parts that are not properly packaged in the new part box.
  - Refer to Attachment IV for specific part return instructions and documentation.
  - Disregard prepaid FedEx shipping instructions that may be included in new part boxes.

- Part return instructions for dealers outside of the lower 48 United States:
  - Continue to follow the previous FedEx airbag inflator return process of contacting Miguel Prigadaa at 210-250-5078 or Miguel.Prigadaa@email.xpo.com.

- Follow the provisions of the Warranty and Policy Manual, Section 1 “WARRANTY PARTS RETENTION AND RETURN POLICIES.”

IMPORTANT: If a FCS-700 Tag is not issued, or the OWS parts status report directs to “Scrap” a part replaced under this safety recall, please submit a General Request to the SSSC Web Contact Site stating that you were directed to scrap a part.

EXCESS STOCK RETURN
Excess stock returned for credit must have been purchased from Ford Customer Service Division in accordance with Policy Procedure Bulletin 4000.
CERTAIN 2005-2006 FORD GT AND 2005-2014 MUSTANG VEHICLES — DRIVER AIRBAG INFLATOR OR DRIVER AIRBAG MODULE REPLACEMENT

OVERVIEW

Takata has determined that the air bag inflator propellant wafers in some inflators may experience an alteration over time, which could potentially lead to an over-aggressive combustion in the event of an airbag deployment. This potential condition could create excessive internal pressure when the airbag is deployed, which could result in the body of the inflator rupturing upon deployment increasing the risk of injury to occupants. Dealers are to replace the driver airbag inflator or driver airbag module as directed. **The serial number from the new airbag inflator must be recorded on the repair order.** The replaced driver airbag inflator or driver airbag module will be placed into the packaging from the new part to be returned to Takata.

**NOTE:** For vehicles that the airbags have deployed or that have other modifications preventing the recall repair from being completed, submit a VIN specific request to the SSSC Web Contact Site prior to attempting a repair. Attach pictures of the vehicles airbag modules to the request.

SERVICE PROCEDURE

⚠️ **WARNING:** Failure to follow the instructions and warnings in the Workshop Manual may result in injury.

**NOTE:** If the Airbag Readiness light indicates no Supplemental Restraint System (SRS) faults are present, it is not necessary to follow the WSM SRS Depowering and Repowering steps when performing this service procedure. Turn the ignition to OFF and wait 1 minute, then it is safe to proceed with airbag inflator or airbag module replacement.

**NOTE:** The ignition must remain OFF until this service procedure is completed.

1. Determine the appropriate service action.
   - 2013-2014 Mustang (all) - Replace driver airbag module - Page 2.
2013-2014 Mustang (all) – Replace Driver Airbag Module

NOTE: The serial number of the new airbag inflator must be provided to Ford for the warranty claim to be processed.

1. Record the 13 character serial number of the new airbag inflator on the repair order. The inflator is pre-installed in the new airbag module. See Figure 1.

FIGURE 1

NOTE: If the Airbag Readiness light indicates no Supplemental Restraint System (SRS) faults are present, it is not necessary to follow the WSM SRS Depowering and Repowering steps when performing this service procedure. Turn the ignition to OFF and wait 1 minute, then it is safe to proceed with airbag module replacement.

NOTE: The ignition must remain OFF until this service procedure is completed.

2. Replace the driver airbag module. Please follow the Workshop Manual (WSM) procedures in Section 501-20B.

NOTE: Confirm that the Airbag Readiness light still indicates no SRS faults are present.

3. Package the replaced airbag module in the new part box and provide to the appropriate dealership personnel for part returns.
**2005-2006 Ford GT and 2005-2012 Mustang - Replace Driver Airbag Inflator**

**NOTE:** If the Airbag Readiness light indicates no Supplemental Restraint System (SRS) faults are present, it is not necessary to follow the WSM SRS Depowering and Repowering steps when performing this service procedure. Turn the ignition to OFF and wait 1 minute, then it is safe to proceed with airbag module replacement.

**NOTE:** The ignition must remain OFF until this service procedure is completed.

1. Remove the driver airbag from the vehicle. Please follow the Workshop Manual (WSM) procedures in Section 501-20B.

2. Set the airbag face down onto a surface that will not scratch or damage the airbag face.

**WARNING:** Do not allow any debris on or around the airbag once the inflator is removed.

3. Remove and discard the four airbag inflator retaining nuts from the driver side airbag. See Figure 2.

4. **NOTE:** In order to verify the correct airbag inflator is installed, mark the old airbag inflator with a felt tip marker prior to removal.

Remove the airbag inflator and set aside for return shipping. See Figure 2.

**FIGURE 2**

**NOTE:** The serial number of the new airbag inflator must be provided to Ford for the warranty claim to be processed.

5. Record the 13 character serial number of the new airbag inflator on the repair order. See Figure 1.
6. Align the key on the driver airbag with the slot on the *new* inflator. Install the *new* inflator into the driver airbag. See Figure 3.

![FIGURE 3](image)

7. Install four *new* airbag inflator nuts onto the driver airbag. See Figure 3.
   - Tighten to 6.5 Nm (57 lb-in).

8. Re-install the driver airbag. Please follow the WSM Procedures in Section 501-20B.

   **NOTE:** Confirm that the Airbag Readiness light still indicates no SRS faults are present.

9. Package the replaced inflator in the *new* part box and provide to the appropriate dealership personnel for part returns.
PART RETURN INSTRUCTIONS AND SHIPPING DOCUMENTATION

The Regional Core Recover Center (RCRC) will only pick up airbag inflators and airbag modules with a corresponding FCS-700 tag, and the replaced part must be packaged in the box from the new part. A FCS-700 tag will be generated for each part on claims paid on or after May 10, 2016.

NOTE: Airbag inflators and airbag modules that do not have FCS-700 tags must be returned utilizing the previous return process; RCRC’s will not accept any parts that do not have FCS-700 tags.

NOTE: If the new part box is damaged or lost, contact Miguel Prigadaa at 210-250-5078 or SCTakataRestraints_International@xpo.com for a replacement box.

Print and provide both of the following completed documents to the RCRC driver:

1. Hazardous Materials Shipping Document (Page 2)
   a. In the box titled Shipper, enter your dealership name and address.
   b. In the box titled Receiver, enter the address of your Regional Core Recovery Center. NOTE: Page 4 contains a list of RCRC locations. If you are unsure of which RCRC location serves your dealership, consult the RCRC driver.
   c. In the box titled Number/Type of Package, enter the number of boxed inflators.
   d. In the box titled Weight, enter the total shipment weight of all boxed inflators.
   e. At the bottom of the Hazardous Materials Shipping Document, complete the Shipper’s Certification

Shipper’s Certification (49 CFR 172.204): This is to certify that the above named materials are properly classified, described, packaged, marked and labeled and are in proper condition for transportation according to the applicable regulations of the Department of Transportation.

NAME: ____________________________ SIGNATURE: ____________________________ DATE: ________
**POTENTIAL HAZARDS**

**FIRE OR EXPLOSION**
- Some may burn but none ignite readily.
- Containers may explode when heated.
- Some may be transported hot.

**HEALTH**
- Inhalation of material may be harmful.
- Contact may cause burns to skin and eyes.
- Inhalation of Asbestos dust may have a damaging effect on the lungs.
- Fire may produce irritating, corrosive and/or toxic gases.
- Some liquids produce vapors that may cause dizziness or suffocation.
- Runoff from fire control may cause pollution.

**PUBLIC SAFETY**
- Call EMERGENCY RESPONSE Telephone Number on Shipping Paper first. If Shipping Paper not available or no answer, refer to appropriate telephone number listed on the inside back cover.
- As an immediate precautionary measure, isolate spill or leak area in all directions for at least 50 meters (150 feet) for liquids and at least 25 meters (75 feet) for solids.
- Keep unauthorized personnel away.
- Stay upwind.

**PROTECTIVE CLOTHING**
- Wear positive pressure self-contained breathing apparatus (SCBA).
- Structural firefighters’ protective clothing will only provide limited protection.

**EVACUATION**
- Spill:
  - See Table 1 - Initial Isolation and Protective Action Distances for highlighted materials. For non-highlighted materials, increase, in the downwind direction, as necessary, the isolation distance shown under “PUBLIC SAFETY”.
  - Fire:
    - If tank, rail car or tank truck is involved in a fire, ISOLATE for 600 meters (1/2 mile) in all directions; also, consider initial evacuation for 600 meters (1/2 mile) in all directions.

**EMERGENCY RESPONSE**

**FIRE**
- Small Fire
  - Dry chemical, CO₂, water spray or regular foam.
- Large Fire
  - Water spray, fog or regular foam.
  - Do not scatter spilled material with high pressure water streams.
  - Move containers from fire area if you can do it without risk.
  - Dike fire-control water for later disposal.
  - Fire involving Tanks
    - Cool containers with flooding quantities of water until well after fire is out.
    - Withdraw immediately in case of rising sound from venting safety devices or discoloration of tank.
    - ALWAYS stay away from tanks engulfed in fire.

**SPILL OR LEAK**
- Do not touch or walk through spilled material.
- Stop leak if you can do it without risk.
- Prevent dust cloud.
- Avoid inhalation of asbestos dust.
- **Small Dry Spill**
  - With clean shovel place material into clean, dry container and cover loosely; move containers from spill area.
- **Small Spill**
  - Take up with sand or other non-combustible absorbent material and place into containers for later disposal.
- **Large Spill**
  - Dike far ahead of liquid spill for later disposal.
  - Cover powder spill with plastic sheet or tarp to minimize spreading.
  - Prevent entry into waterways, sewers, basements or confined areas.

**FIRST AID**
- Move victim to fresh air.
- Call 911 or emergency medical service.
- Give artificial respiration if victim is not breathing.
- Administer oxygen if breathing is difficult.
- Remove and isolate contaminated clothing and shoes.
- In case of contact with substance, immediately flush skin or eyes with running water for at least 20 minutes.
- Ensure that medical personnel are aware of the material(s) involved and take precautions to protect themselves.

DEMONSTRATION / DELIVERY HOLD – Safety Recall 15S21 – Supplement #8
Driver Airbag Inflator or Driver Airbag Module Replacement

DEALER Q & A

Q1. 14B09 has previously been performed on a 2005-2006 Ford GT or 2005-2008 Mustang vehicle. Why is the same vehicle also affected by 15S21?
A. Safety Recall 15S21 utilizes a redesigned part for a final repair. 14B09 was an interim repair using a “like for like” part that must be replaced under safety recall 15S21.

Q2. Can the airbag inflator part number provided in 14B09 be used to complete repairs under 15S21?
A. No, the parts used in 14B09 and 15S21 are not equivalent. Use only part number(s) listed in 15S21 (or latest level replacements) for this final repair.

Q3. Can dealers perform repairs on 2013-2014 Mustang Shelby GT500 vehicles now?
A. Yes, 2013-2014 Mustang Shelby GT500 vehicles can now be repaired with a unique part.

Q4. Can airbag inflator (5R3Z-63043B13-C) be installed in 2013-2014 Mustang vehicles?
A. No, the driver airbag system in 2013-2014 Mustang vehicles is unique. The entire driver airbag module assembly must be installed in these vehicles.

Q5. Does the airbag inflator serial number on 2013-2014 Mustang vehicles have to be provided to Ford?
A. Yes. The airbag inflator serial number is clearly visible on the airbag module assembly. Claims will not be processed without the serial number. Refer to Attachment I – Claims Preparation and Submission and Attachment III – Technical Information.

Q6. What do I do with old level parts?
A. Old parts (5R3Z-63043B13-A) can be returned via the FSA parts return process. Please use “CG” as the claim code and note in the shipper field the FSA bulletin number (15S21).

Q7. When will complete driver airbag modules be available for 2005-2006 Ford GT and 2005-2014 Mustang crash repairs?
A. Complete driver airbag modules are now available for collision repairs.

Q8. Are rental vehicles available for customers?
A. Yes, if a customer requests a rental vehicle. Refer to the Takata Airbag Recall Rental Vehicle Policy attachment for full details.

Q9. A vehicle on my dealer’s FSA VIN list has deployed, modified, or missing airbags. Can the vehicle be removed from my dealer’s FSA VIN list?
A. Vehicles that have deployed, missing, or modified airbags need to be reviewed by the Special Service Support Center (SSSC) to ensure the potential risk for airbag inflator rupture is no longer present. Dealers should submit a VIN-specific web contact request to the SSSC with pictures showing the airbag’s state and vehicle’s VIN plate so a determination can be made.
Q10. Can my Dealership use Quick Lane bays and Technicians to complete this recall?
   A. At the dealer’s discretion, dealers with Quick Lanes may now use Quick Lane service bays and Quick Lane technicians to perform Takata Airbag Recalls.
      - Claim processing, hazardous material handling and parts returns MUST be processed through the main dealership’s warranty submission process and parts department.
      - No other warranty or recall repairs are allowed at Quick Lanes at this time.

Q11. A Ford GT customer is hesitant to bring their vehicle to the dealer, what should I do?
   A. Dealers are authorized to claim up to a maximum combined value of $200 to provide unique services to Ford GT owners under this recall. Examples of potential services include:
      - Technician travel to vehicle location for remote repair
      - Vehicle transportation (towing/flatbed) to dealership
      - Vehicle re-delivery to the owner’s location after repairs have been completed
      - Ford and Lincoln Dealerships are authorized to claim the special handling allowance.
      In some cases, $200 may not be sufficient to tow the vehicle to the dealership and redeliver to the customer. Dealers are encouraged to consider remote repairs at the vehicles location in these scenarios.

Q12. Will completed surveys count towards my Customer Viewpoint (CVP) score? Are the scores included in my Ford Commitment Plan (FCP) calculations?
   A. A majority of the vehicles affected by this recall are over the 5 years/75,000 scoring criteria, which makes them ineligible for CVP Score and FCP calculations. If a vehicle is within the 5/75 criteria the completed surveys will be included in CVP/FCP scores.

QUESTIONS & ASSISTANCE
For additional questions and assistance, contact the Special Service Support Center (SSSC) via the SSSC Web Contact Site. The SSSC Web Contact Site can be accessed through the Professional Technician Society (PTS) website using the SSSC link listed at the bottom of the OASIS VIN report screen or listed under the SSSC tab.
TAKATA AIRBAG RECALL RENTAL VEHICLE POLICY

This rental vehicle policy only applies to the Takata airbag recalls 15S21, 16S26, 17S01, 17S42, 18S01, and 18S02.

New! Short-Term Rental: When Parts Are Available, Limited, or Temporarily Delayed
A majority of the Takata airbag recall repairs take less than one hour to complete. With proper dealer parts ordering and service appointment scheduling, rental vehicles should not be required to complete this recall repair. However, if a customer requests a rental vehicle while their vehicle is being repaired, dealers are pre-approved for up to 4 days of rental vehicle reimbursement. Prior approval for more than 4 rental days is required from the Special Service Support Center (SSSC) via the SSSC Web Contact Site and is not to exceed 7 days from the time the customer is notified that their vehicle is repaired. Refer to the short-term rental process on page 5.

NOTE: This rental vehicle provision is an effort to make it easier for customers to have this recall repair completed on their vehicle and should only be offered when a customer requests a rental vehicle. Rental vehicles must not be used to help manage service department scheduling. To minimize the time that a customer is in a rental vehicle, dealers must order the required parts prior to the customer’s appointment.

New! Long-Term Rental: When Parts Are Not Available For Ordering
Rental vehicle reimbursement is available for customers that request a rental vehicle while waiting for parts to become available to complete the recall repair on their vehicle. If parts are not available for ordering, and the customer requests a rental vehicle, dealers must follow the long-term rental process starting on page 6.

NOTE: Takata airbag recalls 16S26, 17S01, and 18S01 only affect the passenger side airbag in affected vehicles. If the customer does not use their vehicle’s front passenger seat, the passenger side airbag will not deploy in a crash.

As parts become available they will be shipped to dealers with customers in long term rental vehicles starting with vehicles in the highest risk zones first. Dealers must notify the customer the same day the repair is completed on their vehicle and request that they promptly return the rental vehicle. Rental days in excess of 7 days from the time the customer is notified that their vehicle is repaired will not be reimbursed.

Rental Vehicles
Rental vehicles may be supplied through dealership owned rental units, the Ford Courtesy Transportation Program, Ford Rent-A-Car, Lincoln Rent-A-Car, or third party rental agencies. When requesting a rate quote from a rental vehicle agency, ensure to ask for a monthly rate for long-term rentals, as this can be significantly lower than daily rates. If a customer has reserved a rental vehicle on their own or with the assistance of the Customer Relationship Center, the same rental guidelines and processes for requesting reimbursement apply.

Vehicle Make and Model Year Requirements
While it is a preference to put Ford customers in Ford rental vehicles and Lincoln customers in Lincoln rental vehicles, this is not always possible and is not a requirement for rental reimbursement under the Takata airbag recalls. Due to varying rental vehicle agency make and model inventory, Ford and Lincoln vehicles may not always be available so it is acceptable to use other make rental vehicles. There are no model year requirements for rental vehicle reimbursement.
**New! Rental Vehicle Reimbursement Guidelines/National Takata Airbag Recall Rental Agreement**

The following table lists the maximum per day and per month dollar amounts that will be reimbursed under this policy. In some cases, the cost per day limit may not be sufficient to cover all of the costs associated with a rental vehicle. It is the customer’s responsibility to cover any additional costs above the cost per day and per month limits. If there is a unique customer circumstance that requires a rental vehicle with a higher per day/month allowance, dealers should submit a VIN specific request to the Special Service Support Center (SSSC) for special consideration.

To make it easier for dealers to locate vehicles within the rental vehicle reimbursement limits, Ford has established an agreement with Enterprise Rent-A-Car, Avis Budget Group, and Hertz to provide rental vehicles for customers affected by the Takata airbag recalls within the reimbursement limits listed above including tax. The only exclusion being the $55 per day rate for Lincoln customers, which has only been agreed upon by Enterprise Rent-A-Car and Hertz.

- For Enterprise Rent-A-Car, Avis Budget Group, and Hertz, rental rates charged will be based on the make of the vehicle covered under the recall, rather than the type of vehicle rented to the customer (i.e. $44 per day for Ford and Mercury owners and $55 per day for Lincoln owners).
- If a customer decides to rent a specialty vehicle such as a large SUV that is in excess of the cost per day/month reimbursement limits, the additional cost beyond the approved rate for the vehicle rented will be the customer’s responsibility to pay.
- Enterprise Rent-A-Car, Avis Budget Group, and Hertz do not guarantee that a Ford or Lincoln vehicle will be rented to all customers that own or request such vehicles.
- Regardless of a dealer’s tax status Enterprise Rent-A-Car, Avis Budget Group, and Hertz will bill dealers at the rates listed above.
- The rates listed above may not be available at airport locations.
- Ford does not endorse any particular rental vehicle provider.

**Enterprise Automated Rental Management System**

If renting from Enterprise Rent-A-Car dealers are encouraged to schedule reservations through Enterprise’s free Automated Rental Management System (ARMS®).

The ARMS® benefits to dealers are as follows:

- The ability to create and submit “real time” rental reservations online or through your CDK® or Reynolds & Reynolds® Dealership Management System to the local Enterprise branch.
- Reservations can be made same day or submitted in advance with anticipation of rental needs.
- Specific rental needs can be communicated in the reservation (e.g. full-size SUV desired, etc.).
- Authorize additional rental days when necessary.
- View and print rental invoices (after each rental event is completed).
Expenses Not Covered Under Rental Vehicle Reimbursement

Rental Vehicle Reimbursement does not cover the following expenses:

- Mileage charges
- Fuel charges
- Underage driver surcharge
- Insurance
- One way fees

**NOTE:** Some car insurance policies include rental vehicle insurance coverage so the purchase of additional insurance may not be required.

Rental Vehicle Documentation

Rental vehicle documentation must include the following:

- A rental invoice from a dealership or commercial rental agency
- Contract holder’s name on the rental invoice
- Daily rental rate
- Proof of payment (for customer refund of rental)
- Completed Restricted Vehicle Use Agreement (for long term rentals)

Increased Ford Courtesy Transportation Program (FCTP) Guides

In order to support these customers, FCTP Program Headquarters will review increased guides requests above the existing maximum on a case by case basis to ensure coverage is sufficient. Dealers must submit their request to their sales operations manager in order to be considered.

**New!** Customer Waitlist

*Dealers with customers on a waitlist for a rental vehicle are encouraged to work with their rental vehicle provider of choice. In most cases if a rental vehicle is not immediately available, rental vehicle providers are able to provide one to customers within 24 hours.*

If using Ford Courtesy Transportation Program (FCTP) for rentals, dealers should contact their sales operations manager for consideration for additional FCTP units.

**New!** Rental Vehicles Paid By Customers

*If a customer has obtained a rental vehicle on their own that is within the guidelines of this policy, they are eligible for a refund. The customer must provide the dealer with the rental documentation necessary to request rental reimbursement. Dealers must then follow the rental vehicle reimbursement process, including completion of the Restricted Vehicle Use Agreement by the customer, and provide a refund to the customer. Amounts above the cost per day/month limits will not be reimbursed.*

**New!** Youthful Renter Surcharge

*Drivers under the age of 25 may be subject to a youthful renter surcharge and additional insurance requirements. These additional fees are not eligible for rental vehicle reimbursement unless they fall within the cost per day/month limits. Youthful renter policies vary by rental vehicle provider and location. Contact the rental vehicle provider that the vehicle is being rented from for further details.*
**New! Storage of Customers Vehicles**

A vehicle storage/upkeep allowance **will not be provided** to dealers under this program.

- For long-term rentals where parts will not be available for ordering, it is recommended that customers retain and store their vehicles. If a dealer would like to store a customer’s vehicle as a service for their customers, this would be at the dealer's discretion, but a storage and upkeep allowance will not be provided.

- For short-term rentals where parts are readily available or “limited” availability, dealers must retain the customer’s vehicle so a repair can be completed as soon as the part arrives.

**New! Alternative Transportation**

If a customer is unable or does not wish to rent a vehicle but still requires transportation, the rental reimbursement allowance can be used for alternative transportation. The same cost per day limits apply of $44 per day for Ford and Mercury customers and $55 per day for Lincoln customers. The dollar per day allowance can be cumulative across multiple rides per day (e.g. ride to work $20 and ride home $24).

- Alternative transportation reimbursement can be claimed for both short-term and long-term scenarios.
- Any amount in excess of the cost per day limits will be the customer’s responsibility.
- The customer will need to pay up front and provide proof of payment to the dealer.
- Dealers will then need to submit for reimbursement following the Rental Vehicle Reimbursement Process and then refund the customer.

Examples of alternative transportation:

- Taxi
- Public Transportation - Subway, Train, or Bus
- Rideshare alternatives (Chariot, Uber, Lyft, etc.)

**New! Restricted Vehicle Use Agreement**

Customers that are being placed into a long-term rental when parts are not currently available will need to complete a restricted vehicle use agreement. The purpose of this agreement is to signify that the customer will not continue to drive their recalled vehicle while waiting on parts since they have been provided alternate transportation. The customer can drive the recalled vehicle to a storage location and to the dealer for the recall repair to be completed. This form was recently updated but previous completed versions of this form are sufficient to fulfill this requirement. Completion of this document is not required if the dealer decides to store the customer’s vehicle or for short-term rental scenarios since the vehicle will not be leaving the dealership until the recall repair has been completed.

**New! Administrative Allowance**

Dealers are authorized to claim an administrative allowance of $25 for every long-term rental vehicle warranty claim submitted. This administrative allowance can be claimed every 30 days, at which time a new approval code needs to be requested. Reference the dealer bulletin claims preparation and submission section for further details.

Because short-term rentals are pre-approved for up to 4 days, short-term rental claims are not eligible for the $25 administrative allowance.
**New!** Rental Vehicle Reimbursement Process:

1. **Customer** contacts the dealer and **requests** a rental vehicle

2. Check OASIS to confirm the vehicle is involved in one of the Takata airbag recalls: 15S21, 16S26, 17S01, 17S42, 18S01, or 18S02.

3. **Refer to the dealer bulletin to determine the parts availability status.**
   - **Yes:** Proceed to the Short-Term rental process
   - **No:** Proceed to the Long-Term rental process

**New!** Short-Term Rental Process

1. **In the FSA dealer bulletin is the parts status “Available” for the recalled vehicle?**
   - Yes – Proceed to step 2.
   - No – For a “Limited” parts status submit a contact to the SSSC under the FSA program number (i.e. 15S21, 16S26, 17S01, 17S42, 18S01, 18S02). The SSSC will place a part order for the vehicle and provide an approval code for the number of expected rental days required to receive the part and complete the repair. Proceed to step 3.

2. **Dealers are pre-approved for up to 4 rental days to complete the repair when the parts status is “Available”.**

3. **Arrange for a rental vehicle for the customer through either the dealership’s rental vehicle fleet or an outside rental vehicle agency. If using Enterprise, it is recommended that the reservation be made through ARMS®.**

4. **Customer completes all required rental vehicle paperwork and leaves with the rental vehicle.**
   - Rental vehicle agencies may offer pick-up and delivery.

5. **Dealer retains the customer’s vehicle so the repair can be completed as soon as parts arrive.**

6. **If additional rental days are required, submit a VIN specific approval contact to the SSSC under the FSA program number (i.e. 15S21, 16S26, 17S01, 17S42, 18S01, 18S02).**

7. **Dealer completes the repair the same day the part arrives.**

8. **Dealers must notify the customer the same day the repair is completed.**

9. **Customer promptly returns the rental vehicle. Rental days in excess of 7 days from the time the customer is notified that their vehicle is repaired will not be reimbursed.**
**New! Long-Term Rental Process**

1. Arrange for a rental vehicle for the customer through either the dealership’s rental vehicle fleet or an outside rental vehicle agency. If using Enterprise, it is recommended that the reservation be made through ARMS®.

2. Customer completes the Restricted Vehicle Use Agreement.

3. **Customer drives their vehicle to their home or another storage location of their choice.**

4. Customer completes all required rental vehicle paperwork.

5. **Customer picks up the rental vehicle from the rental vehicle provider.**
   - Rental vehicle agencies may offer pick-up and delivery.

6. Submit a VIN specific web contact to the Special Service Support Center (SSSC) under the appropriate rental program as listed below:
   - 18A01 for 16S26
   - 18A02 for 17S01
   - 18A03 for 18S01
   - 18A04 for 17S42

   *(long-term rentals do not apply to 18S02 and 15S21 because parts are readily available)*

The SSSC Web Contact Site can be accessed through the Professional Technician Society (PTS) website using the SSSC link listed at the bottom of the OASIS VIN report screen or listed under the SSSC tab.

7. Attach the completed Restricted Vehicle Use Agreement to the SSSC contact.

8. If the vehicle is involved in the recall and does not have parts available, the SSSC will provide an approval code to use on the warranty claim for the long-term rental.

9. For warranty payment purposes and to continue long-term rental vehicle reimbursement dealers will need to re-contact the SSSC under a new contact every 30 days to receive a new approval code. This can be managed two different ways depending on dealership preference:
   - **Option 1:** Close out the R.O. every 30 days and open a new R.O. prior to contacting the SSSC under a new contact.
   - **Option 2:** Leave the current R.O. open and add another line to the R.O. for the next month’s rental prior to contacting the SSSC under a new contact.

   **NOTE:** A new function to the SSSC web tracker has been added so contacts approaching a long-term rental renewal date (30 days old) will turn red.

10. As parts become available they will automatically be shipped to dealers with customers in long-term rental vehicles starting with vehicles in the highest risk zones first. The vehicle’s VIN will be printed on the part to identify which vehicle the part should be used to repair.

11. Dealers should contact customers currently in a long-term rental vehicle if the parts status for their affected vehicle is listed as “Limited” or “Available” in the Parts Availability Matrix. Request the vehicle owner drop off their recalled vehicle at the dealership as soon as possible. This will enable dealers to complete the repair as soon as the parts arrive.

12. Dealers must complete the recall repair as soon as parts are available and the customer has brought their vehicle to the dealership.

13. Dealers must notify the customer that their vehicle is ready for pick-up the same-day that the recall repair is completed. Customers should pick up their repaired vehicle and return the rental vehicle promptly. Rental days in excess of 7 days from the time the customer is notified that their vehicle is repaired will not be reimbursed.

TAKATA AIRBAG RECALL LONG-TERM RENTAL PROCESS

Start

Customer Request A Rental Vehicle

Refer to the dealer bulletin to check the Parts Availability Status

Is the parts status “Available” or “Limited”?

Yes

Proceed to the Short-Term Rental Process

No

Make rental vehicle reservations for the customer

Customer completes the restricted vehicle use agreement

Customer drives their vehicle to their home or other storage location

Customer completes the all required rental vehicle paperwork and is free to leave with the rental vehicle

Dealer submits a VIN specific web contact to the Special Service Support Center (SSSC) with the completed restricted vehicle use agreement attached for an approval code under rental program:
- 18A01 for 16S26
- 18A02 for 17S01
- 18A03 for 18S01
- 18A04 for 17S42

The SSSC reviews the request, confirms vehicle involvement in the FSA, that parts are not available, and provides an approval code for 30 days of rental coverage

Once parts are available they will be shipped to the dealer with the VIN of the customers vehicle printed on the label

Dealer contacts the SSSC every 30 days to obtain a new approval code for 30 more days of rental coverage

When the parts status is “Limited” or “Available” dealers should contact customers in long-term rentals and request they drop their recalled vehicle off at the dealership as soon as possible.

Dealers must complete the repair as soon as the part arrives

Vehicle is repaired and customer promptly returns the rental car

End
