YOUR DRIVER'S FRONT AIRBAG INFLATOR NEEDS TO BE REPLACED

We have discovered a safety defect in your 2002 Honda Accord

The driver's front airbag inflator could produce excess pressure upon deployment, causing the inflator to rupture. Fragments from ruptured inflators could hit you or your passengers.

Past ruptures in driver frontal airbags HAVE KILLED or INJURED vehicle occupants.

Due to the severity of this defect, your vehicle has been recalled and must be repaired.
The repair will be done free of charge.

Figure 1. Proper airbag deployment

Figure 2. Driver side airbag deployment with inflator rupture.

FOR YOUR SAFETY CALL

1-844-758-9245

Monday through Friday, 8a.m. to 7p.m. CST.

*Thank You,
Honda Recall Resolution Team*

COMPLIMENTARY RENTAL CAR

To help alleviate the inconvenience of this free repair, we are providing a complimentary rental car for you during the time of the repair or if there is a delay in replacing the airbag inflator.

One quick call is all it takes to set up your FREE repair with an authorized local dealer, at a time and location most convenient to you. The repair may take an hour, depending on the dealer's schedule.
