NISSAN BULLETIN

2015 Murano ABS Actuator Voluntary Safety Recall Campaign Update #3 – Automatic Parts Shipment

Reference: PC375
Date: July 28, 2015

Attention: Dealer Principal, Sales, Service & Parts Managers

A STOP SALE CONDITION IS IN EFFECT.

******* Dealer Announcement *******

On July 8th, Nissan sent out an update on the vehicles currently remaining in dealer inventory. A **STOP SALE** remains in effect for affected vehicles in dealer inventory. This announcement is to inform dealers of an automatic parts shipment.

IMPORTANT: It is a violation of Federal law for dealers to sell or deliver vehicles in their inventory covered by this notification until the campaign repair is performed.

******* Parts Information/Availability*******

Owner notifications were recently mailed to all affected owners. Nissan has developed an automatic parts shipment plan which will distribute a small supply, approximately 10% of the affected population less dealer’s current inventory, to dealers. Parts should begin to arrive at dealerships by Thursday, July 30th.

In the interim, the parts related to this campaign are still on sales restriction. Nissan expects to lift the parts restriction on **Saturday, August 1st**. Once the restriction has been lifted dealers will be able to order additional parts as needed using normal parts ordering procedures.

Parts managers can use the list of affected customers (included with this announcement) to plan their specific inventory needs.

Note: Vehicles must be inspected as noted in **NTB15-054** to determine if parts replacement is necessary.

Part Number	Description	Qty. Required
47660-5AA1B	Actuator Assy – Antiskid (AWD)	1
Or		
47660-5AE1B	Actuator Assy – Antiskid (FWD)	1
