

Ferrari North America, Inc.

July 14, 2015

Dear Ferrari Dealer:

Following the STOP SALE NOTICE that we sent previously, we are now able to update you with some additional information. Please take note of the following important points:

- Included with this letter is a list of **LaFerrari VINs** that are included in the recall for your dealership. **Any LaFerrari not listed can be sold and delivered as per normal business.** Please refer to the list sent July 7, 2015 for additional VINs included in the recall. To inquire whether a specific VIN is affected by the recall, please contact your Area Sales Manager.
- Starting tomorrow, you will begin to receive replacement driver's side airbags for the affected vehicles in your inventory. You will also receive a technical bulletin with replacement instructions under separate cover. Please follow these instructions carefully, and keep the airbag that is being replaced as you will receive additional instructions concerning its return.
- The recall notice will be sent to the owners of the affected vehicles in the coming days. We are working with NHTSA in this regard and will provide additional information shortly.

Please remember that it is a violation of Federal law for a dealer to deliver a new motor vehicle covered by this notification under a sale or lease until the defect is remedied.

Please contact your Area Sales Manager or Aftersales Business Manager if you have any questions.

Regards,
