Subject: **F56 (2014-2015 MINI Hardtop 2 Door) Side Impact Performance**

To: All MINI Parts and Service Managers

Re: F56 (2014-2015 MINI Hardtop 2 Door) Side Impact Performance

Please reference MINI Service Information Bulletins M51 03 15, M51 04 15, M51 09 14 and M51 05 15 for additional information.

To support the repair of these vehicles, we have entered orders as noted below for each Dealer.

51 43 7 436 519 = 20 (enough to repair 20 cars)

51 43 7 436 520 = 20 (enough to repair 20 cars)

51 71 2 578 731 = 10 (enough to repair 5 cars) - Only cars involved in M51 09 14 and M51 05 15

Please continue to order the Hot Melt Adhesive from Excelda as needed.

Please remember these recall parts are non-returnable.

Starting on Monday 8/10/15, the parts will be open for ordering.

The orders will be monitored. If excessive orders are found, they will be adjusted or cancelled.

Example: If a Dealer orders 20 on a Stock, 20 on a VOR and 20 on a Late Day VOR = 60, we will be cancelling some of the orders. If a Dealer orders 100 on one order, we will adjust the order down. If a Dealer orders 5, 5, 5, 5, or 10, 10, 10 on separate lines, we will cancel some of the lines.

Please only order for scheduled appointments. Orders should be less than twenty if needed. The repair takes a few hours per car and you should only order enough to have a two day supply. This will allow enough stock for everyone and for the supply from Germany to keep up with demand.

Thank you
Parts Logistics
