******* Notification of Automatic Parts Shipment *******

This communication is to remind dealers that the owner mailing is currently scheduled for next week. As a result, an automatic parts shipment is being sent to dealers in anticipation of an increase in repair demand. **Sentra** parts should begin to arrive at dealerships by Friday, August 14th. Please refer to the attached parts distribution file for details.

The Versa vehicle population is much smaller, so Versa parts were excluded from the automated shipment. Sentra and Versa parts for this campaign remain on sales restriction. However, dealers will be able to continue to order parts as needed using the existing parts order form. Dealers can expect parts to arrive within 2-3 days of submitting your order form.

IMPORTANT: It is a violation of Federal law for retailers to sell or deliver vehicles in their inventory covered by this notification until the campaign action is performed.
