New Safety Recall Advanced Communication – R47082615

FCA US LLC announced a safety recall on certain 2014 and 2015 model year (DS) RAM Quad Cab Trucks.

Some of the above vehicles may not meet Federal Motor Vehicle Safety Standard (FMVSS) #226 – Ejection Mitigation. The Side Airbag Inflatable Curtains (SABIC) may not deploy as intended. An improperly deployed SABIC, during certain crash events, could allow additional injuries to rear seat occupants.

FCA will conduct a voluntary safety recall on all involved vehicles. A repair for this condition has not been determined at this time.

Dealers will be notified of the launch of this safety recall by way of established methods used in the past.

We ask that you please take the time to ensure that your personnel are aware of this communication and are prepared to execute a customer friendly process for inquiries on involved vehicles.
