RE: Stop Sale/Noncompliance Recall: 2003 Odyssey Incorrect Passenger Airbag Assembly

Today, September 3, 2015, American Honda will notify NHTSA of a **Noncompliance Recall** for 37 model year 2003 Odyssey vehicles to replace incorrectly installed passenger airbag assemblies. **Any new or used units** in dealer stock **must be repaired per service bulletin, 15-061: Noncompliance Recall: 2003 Odyssey Front Passenger Airbag, prior to sale.** Refer to your eResponsibility report or VIN inquiry to determine which units in your inventory are affected. American Honda Motor Co. expects to begin customer notification in early October 2015.

Note: Affected vehicles should not be sold until the repair has been completed. Should an unrepaired vehicle result in any claim because of the required recall repair, the dealership will be solely responsible to the claimant, and will be required to defend and indemnify American Honda for any resulting claims.

**Basic Problem**

Due to supplier error, a small number of 2002 Odyssey passenger airbag assemblies were labelled as 2003 assemblies, and were subsequently installed in model year 2003 vehicles.

**Campaign Information**

Service bulletin 15-061, has been posted to the Service Information System as of September 3, 2015, and includes warranty, parts, and repair information related to the recall campaign.

**Parts Information**

Replacement passenger airbag assemblies are available through the controlled parts ordering system.

**Warranty and Repair Information**

Warranty and repair information is detailed in service bulletin 15-061.

**Customer Notification**

American Honda expects to complete initial customer notification by early October.

As always, please be sure to check VIN status inquiry to determine if a particular VIN is affected by this recall.
