## **IMPORTANT SAFETY RECALL**

### **NHTSA Recall Campaign 15V-680**

«name»

«address»

«city» «state» «zip»

Dear Valued Starcraft Dealer:

Starcraft has decided that certain Model Year 2015 and 2016 AR-ONE, Launch Ultra Lite, Autumn Ridge, Launch and Travel Star Travel Trailers manufactured January 16, 2015 through October 2, 2015 require inspection of the breaker box and 12 volt fuse panel for the proper labels. Incorrect labels may create a possibility of electrical shock when working on the travel trailer.

Our records show the following Starcraft units are affected by this recall and are currently part of the inventory at your dealership and require the Recall repair prior to being sold. The correct labels for the units listed below are included with this letter.

«serial\_»

#### **Dealer Campaign Responsibility**

**Federal law requires that all units in your inventory be repaired prior to delivery to a customer. If you have sold a unit recently that you have received a stock recall notice on, please contact the owner immediately to advise of the recall. In addition, please register the unit by submitting the Warranty Registration information to Jayco.**

If you have any questions, please contact Starcraft Customer Service 800-945-4787 for further instructions. All pertinent documents regarding this recall are available on Star Connect under the Service and Parts tab.

We apologize for any inconvenience this may cause. However, we have taken this action in the interest of our Customers' safety and their continued satisfaction with Starcraft product.

Sincerely,  
Starcraft
