Subject: **Delivery Stop – Checking Driveshaft Universal Joint**

Message Recipients: General Managers, Sales Managers, Service and Parts Managers, Service Managers, Shop Foremen, Service Technicians

Message Text:

A Delivery Stop has been issued on M3 Sedan (F80), M4 Coupe (F82) and M4 Convertible (F83) vehicles. These vehicles will require a Driveshaft Universal Joint inspection and possible replacement. There are only **eight** vehicles affected by this stop. Refer to attached Service Information bulletin B26 01 15 and VIN list.

Please be reminded that it is a violation of Federal law for you to sell, lease or deliver any vehicle covered by this notification until the delivery stop repair has been performed. This means that centers may not legally deliver new motor vehicles to a consumer until it is fixed or use/sell replacement equipment/parts subject to a delivery stop. Note also that substantial civil penalties apply to violations of this law. Also, you should not sell, lease or deliver any Certified Pre-Owned or used vehicles subject to a delivery stop until the repair is completed.

Sincerely, Eugene Aton, Technical Service
