Subject	STOP SALE NOTICE: 2010-2013 VFR1200F/FD						

December 4, 2015

Re: STOP SALE NOTICE

Dear Honda Dealer:

Honda is launching a SAFETY RECALL of model year 2010 through 2013 VFR1200F/FD motorcycles to replace a potentially defective drive shaft. The drive shaft universal joint may break or seize, which can result in a loss of drive force or a locked rear wheel. Either outcome increases the risk of a crash.

Effective immediately, YOU MUST NOT SELL any NEW or USED VFR1200F/FD motorcycles listed below:

AFFECTED UNITS

2010 VFR1200F/FD	All Units
2012 VFR1200F/FD	All Units
2013 VFR1200F/FD	All Units

To search for applicable recalls on a specific unit, use *Unit Information* on *iN* (effective 12/7/15).

To manage your affected inventory, use *eResponsibility Report* (effective 12/8/15).

PARTS INFORMATION

Parts availability information will be included in the forthcoming Service Bulletin.

SERVICE BULLETIN

Service Bulletin VFR1200F/FD #1, which includes the affected VIN range, repair procedure, parts information, as well as warranty claim information, will be published on *iN* on or before December 11, 2015.

CUSTOMER NOTIFICATION

AHM intends to mail customer letters as early as possible, pending approval from applicable government regulatory agencies.

Make sure all departments in your dealership are aware of this action.

If you have any questions, please contact AHM TechLine through TechLine Connect on *iN* or contact your District Service Manager.

Sincerely,
Bradley Little
Manager, National Field Service
Motorcycle Division
