TO: All U.S. Ford and Lincoln Dealers

SUBJECT: DEMONSTRATION / DELIVERY HOLD - Advance Notice - Safety Recall 15S38
Certain 2016 Model Year F-650/750 Vehicles with both Air Suspension and Air Brakes
Replace Rear Air Brake Chambers

AFFECTED VEHICLES

Vehicle	Model Year	Assembly Plant	Build Dates
F-650 / F-750	2016	Ohio	June 18, 2015 through November 15, 2015

Affected vehicles are identified in OASIS and FSA VIN Lists.

REASON FOR THIS SAFETY RECALL

In the affected vehicles, the rear air service or parking brake jounce hoses may contact and chafe on the rear axle housing during vehicle operation. Over time this could cause an air leak resulting in inadvertent application of the parking brake or degradation of the rear service brake performance, increasing the risk of crash.

SERVICE ACTION

Do not demonstrate or deliver any of the affected vehicles involved in this safety recall. A complete Dealer Bulletin will be provided to dealers in March 2016, when it is anticipated that parts ordering information and repair instructions will be available to support this safety recall.

CUSTOMER NOTIFICATION

Owners of record will be notified via first-class mail after repair instructions and parts ordering information have been provided to dealers.

PLEASE NOTE:

Federal law requires dealers to complete this recall service before a new vehicle is delivered to the buyer or lessee. Violation of this requirement by a dealer could result in a civil penalty of up to \$7,000 per vehicle. Correct all vehicles in your new vehicle inventory prior to delivery

QUESTIONS & ASSISTANCE

For questions and assistance, contact the Special Service Support Center (SSSC) via the SSSC Web Contact Site. The SSSC Web Contact Site can be accessed through the Professional Technician Society (PTS) website using the SSSC link listed at the bottom of the OASIS VIN report screen or listed under the SSSC tab.

Sincerely,

Michael A. Berardi
