New Safety Recall Advanced Communication – R71122315 revised

FCA US LLC announced a safety recall on certain 2011 and 2013 model year (WD) Dodge Durango and (WK) Jeep Grand Cherokee vehicles.

Some of the above vehicles may experience a high resistance short at the sun visor vanity lamp wiring after a service repair to the sun visor, headliner or while gaining access above the headliner. This may result in an inoperative vanity lamp and/or an electrical fire. The above vehicles also have been involved in the related campaign P36.

FCA will conduct a voluntary safety recall on the involved vehicles. Remedy for those vehicles is still under development.

Dealers will be notified of the launch of this safety recall by way of established methods used in the past.

We ask that you please take the time to ensure that your personnel are aware of this communication and are prepared to execute a customer friendly process for inquiries on involved vehicles.
