Dear «Owner_name»:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Thor Motor Coach (TMC) has decided that a defect which relates to motor vehicle safety exists in certain 2015 Model Year motorhomes. As a result, TMC is conducting a safety recall. We apologize for any inconvenience this action may cause you; however your safety and continued satisfaction are of the utmost importance to us.

***Reason for
this recall***

It has been decided that certain TMC motorhomes were built with defective Carefree awnings. The screws that attach the awning to the mounting bracket were not made to proper specifications. The heads of the screws can break off under load. If the mounting bracket assembly breaks apart, the awning can collapse and result in personal injury if someone is under the awning.

***What we
will do***

TMC has contacted your selling dealer and Carefree and they are prepared to fix your motorhome. The remedy will be to replace the defective mounting brackets with new brackets. This defect will be corrected at no expense to you, the owner. The repair should take approximately 30 minutes to complete.
