RE: Safety Recall P054 – Front Brake Hose Durability

**Vehicle Affected: Range Rover
Model Year: 2006-2012**

National Highway Traffic Safety Administration Recall Number: 15V-039

Dear Range Rover Owner:

This notice is sent to you in accordance with the requirements of the *National Traffic and Motor Vehicle Safety Act*. Land Rover has determined that a defect which relates to motor vehicle safety exists in 2006-2012 model year Range Rover vehicles. Your vehicle is included in this Recall action.

You may have previously received a letter regarding this Recall. In the event your vehicle was recently inspected and the front brake hoses were replaced, your vehicle will not need to be inspected a second time and no further action is required. If, however, your vehicle was either not inspected or was inspected and the front brake hoses were not replaced, your vehicle will need to have its front brake hoses replaced at this time.

What is the concern?

A concern has been identified with front brake hoses installed on 2006-2012 model year Range Rover vehicles. Customers may experience a loss of brake fluid as a result of rupturing of one or both of the front brake hoses. This may result in the loss of the front brake circuit. The vehicle braking system is a dual circuit system: one system operates the front braking circuit and the other system operates the rear braking circuit.

Where substantial loss of brake fluid occurs, a red warning triangle will illuminate on the Instrument Cluster while displaying the words 'Check brake fluid'. The driver should not drive the vehicle but seek qualified roadside assistance and recovery to a Land Rover retailer. Loss of brake fluid will also result in failure of the front braking circuit. Braking capability will be retained by the rear brake circuit, pedal feel will be degraded and pedal travel extended. Stopping distances will increase, which increases the risk of crash.

What will Land Rover and your Land Rover Retailer do?

Land Rover is carrying out a Recall of the vehicles mentioned above. The front brake hoses will be replaced with the latest specification.

There will be no charge for this repair.

What should you do?

Please contact your preferred Land Rover retailer and provide the retailer with your Vehicle Identification Number (VIN) and request a service date to complete the front brake hose replacement for Recall program code P054.

How long will it take?

The work will be carried out as quickly and efficiently as possible in order to minimize inconvenience to customers and is expected to take approximately one hour to complete. Your retailer may need your vehicle for a longer time due to service scheduling requirements and vehicle conditioning.

What if I have previously paid for the front brake hoses to be replaced for this concern?

If you have already paid for the front brake hoses to be replaced for this concern before the date of this letter, Land Rover is offering a refund. In order to qualify for a refund, please provide your authorized Land Rover Retailer with the original paid receipt.

To avoid delays, please do not send the receipt to Land Rover North America.

Attention Leasing Agencies: Federal regulations require that you forward this recall notification to the lessee within TEN (10) days.

Moved or no longer own a Land Rover?

If you are no longer the owner of this vehicle, Land Rover would appreciate the name and address of the new owner (if known); please fill out and return the enclosed return postage-paid card.

What should you do if you have further questions?

If you have any questions or concerns, please contact the Service Manager at your authorized Land Rover retailer for assistance. If you have any queries or concerns that your local retailer cannot address, please contact the Land Rover Customer Relationship Center at **800-637-6837, Option 9**, and one of our representatives will be happy to assist you.

You can also contact Land Rover by email: Visit the website <http://www.landroverusa.com>, select 'Contact Us' and send an email from the 'Email Land Rover' link.

Should you have the need to contact Land Rover by mail, please use the following address:

Jaguar Land Rover North America, LLC
ATTN: Customer Relationship Center
555 MacArthur Boulevard
Mahwah, NJ 07430

If you are having difficulty getting your vehicle repaired in a reasonable time or without charge, you may write:

Administrator, National Highway Traffic Safety Administration
1200 New Jersey Avenue, SE
Washington, D.C. 20590

Or you may call the toll-free Vehicle Safety Hotline at 888-327-4236 (TTY: 800-424-9153), or log on to <http://www.safercar.gov> to submit a complaint electronically.

Thank you again for selecting Land Rover; your ownership experience is very important to us. We recognize this service visit may be an inconvenience to you. Land Rover, in cooperation with your authorized Land Rover retailer, will strive to minimize any inconvenience to you caused by this program.

Sincerely,

Peter Pochapsky
Customer Experience Manager
