# IMPORTANT SAFETY RECALL

April 2015

This notice applies to your vehicle, **VIN:** \_\_\_\_\_

Dear General Motors Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

General Motors has decided that certain 2014 model year Chevrolet Impala vehicles may fail to conform S5.5 of Federal/Canada Motor Vehicle Safety Standard (F/CMVSS) 135 (Brake system warning indicator). As a result, GM is conducting a recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

## IMPORTANT

- Your vehicle is involved in GM recall 15100.
- Schedule an appointment with your GM dealer.
- This service will be performed for you at **no charge**.

### Why is your vehicle being recalled?

In receiving service for the condition covered by GM recall number 14471, your vehicle did not receive the new electronic parking brake control module software that is necessary to remedy the recall condition. The existing electronic parking brake software in your vehicle may cause the brake pads to stay partially engaged with the rotor. In this condition, the parking brake indicator may not illuminate even though the parking brake is engaged, which would render a vehicle noncompliant with FMVSS 135.

In addition to the parking brake indicator malfunction described above, the driver may experience poor vehicle acceleration, undesired deceleration, excessive brake heat, and premature wear to some brake components. If the brake drag is significant or if the vehicle is operated for an extended period of time in this condition, there is a potential for the rear brakes to generate significant heat, smoke, and sparks increasing the possibility of a vehicle fire.

### What should you do?

You should contact your GM dealer to arrange a service appointment as soon as possible.

### Do you have questions?

If you have questions or concerns that your dealer is unable to resolve, please contact the appropriate Customer Assistance Center at the number listed below.
