Dear Kawasaki Motorcycle Owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

The reason for this notice:

You received notice of Recall campaign MC15-02, dated March 13, 2015, in which Kawasaki Motors Corp., U.S.A. decided that a defect that relates to motor vehicle safety exists in 2009 ~ 2013 Concours 14 & 14 ABS models with modifications for law enforcement use designed and implemented by Beaudry Motors Inc.; BMS Inc.; or Enforcement Motors. On eligible units with modifications designed and implemented by Beaudry Motors, Inc.; BMS, Inc.; or Enforcement Motors the addition of an auxiliary battery and charging relay could cause an electrical overload on the charging circuit. Kawasaki has received reports of a blown main fuse causing the engine to lose power or shut down. Unexpected loss of power or engine shut down can create the potential for a crash resulting in injury or death. Our records indicate that you have purchased one of these units.

What Kawasaki will do:

Kawasaki has initiated Stage 2 of this campaign to correct this problem for you at no charge. The correction will consist of specially-trained technicians replacing multiple items. The actual repair will take up to two days.

What you must do to ensure your safety:

A Kawasaki representative will call to schedule an appointment for its technical team to perform the repairs at or near your law enforcement agency. Until Stage 2 repairs have been completed, continue to perform the Stage 1 operations identified in the "Inspection Procedure" section of MC15-02 on a monthly basis to allow continued operation of the vehicle.

OPERATE ONLY IN ACCORDANCE WITH THE ENCLOSED USAGE GUIDELINES
