IMPORTANT SAFETY RECALL

INTERIM OWNER NOTIFICATION

NHTSA RECALL 15V-197

Dear Nissan Rogue Owner:

This interim notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Nissan has decided that a defect which relates to motor vehicle safety exists in Model Year 2014 Nissan Rogue vehicles. Our records indicate that you own or lease the Nissan vehicle identified by the VIN on the inside of this notice.

Reason for Recall

On certain Model Year 2014 Rogue vehicles, a fuel pump issue may cause the fuel pump to stop working. If this occurs during engine start-up, the pump will not function and the engine will not start. In some instances, the fuel pump may stop functioning while the vehicle is in motion, causing the engine to stop. Even if the engine stops running, the air bag system remains fully functional and the vehicle can be brought to a controlled stop. However, if the engine stops running while driving, this may increase the risk of a crash.

What Nissan Will Do

Nissan is currently awaiting parts to remedy the affected vehicles. Nissan expects parts to be available by July and will send you a second letter asking you to bring your vehicle to a Nissan dealer for the remedy at that time. This repair is free of charge for parts and labor. In the meantime, if you believe there is an issue with the fuel pump in your vehicle, you may bring your vehicle into the nearest Nissan dealer for service.
