IMPORTANT SAFETY RECALL

November 2015

This notice applies to your vehicle, **VIN:** _____

Dear General Motors Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

General Motors has decided that a defect which relates to motor vehicle safety exists in all 2007-2008 model year Chevrolet Silverado and GMC Sierra 2500/3500 heavy duty pickup trucks. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

IMPORTANT

- Your vehicle is involved in GM safety recall 15438.
- GM currently has a limited quantity of replacement parts available. Your vehicle has been identified to receive one of these replacement parts at this time. Contact your Chevrolet or GMC dealership in Florida to arrange a service appointment.
- This service will be performed for you at **no charge**. In addition, when you bring your vehicle in for this recall repair, GM will fill your vehicle with fuel and provide a detailing service at no charge. This offer is only valid for the vehicle with the VIN provided at the top of this letter.

Why is your vehicle being recalled?

Some inflators may experience an alteration over time, which could lead to overaggressive combustion in the event of an air bag deployment. This condition could create excessive internal pressure when the air bag is deployed, which could result in the body of the inflator rupturing upon deployment. In the event of an inflator rupture, metal fragments could pass through the air bag cushion material, which may result in injury or death to vehicle occupants.

What will we do?

Your GM dealer will replace the front passenger airbag inflator. This service will be performed for you at **no charge**.
