IMPORTANT SAFETY RECALL **This notice applies to your vehicle(s)**

Subject: Takata Driver Side Airbags

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. This notice applies to your vehicle(s).

Daimler Trucks North America LLC (DTNA) has decided that a defect which relates to motor vehicle safety exists on specific model year 2008-2009 Sterling Bullet vehicles manufactured October 15, 2007, through November 10, 2008, with Takata Corporation driver side air bags.

The driver side airbag inflator housing may rupture, due to excessive internal pressure, during normal airbag deployment events. (This condition is more likely to occur if a vehicle has been exposed to high levels of absolute humidity for extended periods.) An inflator rupture, during airbag deployment events, could result in metal fragments striking vehicle occupants, potentially resulting in serious injury or death.

Affected airbag inflators will be replaced.

This is the second notice informing you that repairs are ready to be made. Please contact an authorized Daimler Trucks North America dealer to arrange to have the Recall performed and to ensure that parts are available at the dealership. To locate an authorized dealer, search online at www.Daimler-TrucksNorthAmerica.com / Contact Us / Find a Dealer.
