IMPORTANT SAFETY RECALL

This notice applies to your vehicle, VIN: XXXXXXXXXXXXXXXXXXXXX

Dear Hyundai Sonata Owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Hyundai has decided that a defect which relates to motor vehicle safety exists in certain US manufactured model year 2015 Hyundai Sonata sedan vehicles produced beginning on April 25, 2014 through December 4, 2014. Our records indicate that your vehicle falls within this production date range.

What is the problem?

- The front passenger seat belt buckle may jam preventing the front passenger from fastening the seat belt. If the front passenger rides in the front passenger seat with the seat belt unlatched, this could increase the risk of injury in the event of a crash.

This condition does not result in partial latching of the belt, and does not affect the driver or rear passenger seat belt buckles.

What will Hyundai do?

- Your Hyundai dealer will inspect, and repair or replace the front passenger seat belt buckle. This procedure will be performed at no charge to you. The actual time required to perform the procedure should be less than 1 hour, however your vehicle may be needed longer depending on the dealer's schedule; therefore, we recommend scheduling a service appointment to minimize inconvenience.
