***** IMPORTANT SAFETY RECALL ***
(PROGRAMA DE SEGURIDAD IMPORTANTE)**

**Compliance Recall Notice 15C07 / NHTSA Recall 15V-464
Aviso de Revisión de Cumplimiento 15C07**

2016 Explorer
Your Vehicle Identification Number (VIN):

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company has decided that your vehicle, with the VIN shown above, fails to conform to Federal Motor Vehicle Safety Standard (FMVSS) 135, light vehicle brake systems.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with your dealer, is to provide you with the highest level of service and support.

What is the issue?

On your vehicle, it may be possible that the parking brake will not engage when the foot pedal is fully depressed. If the transmission is in Park, there will be no unintended vehicle movement. If the transmission is left in a gear other than Park, a non-functional parking brake could result in unintended vehicle movement, increasing the risk of a crash.

What will Ford and your dealer do?

Ford Motor Company has authorized your dealer to inspect the parking brake on your vehicle to ensure it is functioning properly. If it is not functioning properly, your dealer will replace the parking brake control.

How long will it take?

The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time. In addition, your vehicle will require an inspection to determine if parts need to be ordered.

What should you do?

Please call your dealer without delay and request a service date for Recall 15C07. Provide the dealer with your VIN, which is printed near your name at the beginning of this letter.

If you do not already have a servicing dealer, you can access www.Fordowner.com for dealer addresses, maps, and driving instructions. Ford Motor Company wants you to have this recall completed on your vehicle. The vehicle owner is responsible for making arrangements to have the work completed.

Please note: Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

Do you need a rental vehicle?

If your dealer determines that parking brake control replacement is required and needs your vehicle overnight, your dealer is authorized to provide a rental vehicle for your personal transportation at no charge (except for fuel and insurance) while your vehicle is at the dealership for repairs. Please see your dealer for guidelines and limitations.

What if you no longer own this vehicle?

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.

You received this notice because government regulations require that notification be sent to the last known owner of record. Our records are based primarily on state registration and title data, which indicate that you are the current owner.

Can we assist you further?

If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance.

RETAIL OWNERS: If you still have concerns, please contact the Ford Motor Company Customer Relationship Center at 1-866-436-7332 and one of our representatives will be happy to assist you. For the hearing impaired call 1-800-232-5952 (TDD). Representatives are available Monday through Friday: 8:00AM - 8:00PM (Eastern Time).
