IMPORTANT SAFETY RECALL

IMPORTANT SAFETY RECALL

NHTSA Recall 15V-486

Dear Nissan Maxima Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Nissan has decided that a defect that relates to motor vehicle safety exists in some Model Year 2016 Nissan Maxima vehicles. Our records indicate that you own or lease the Nissan vehicle identified by the VIN on the inside of this notice.

Reason for Recall

On some of the affected vehicles, the fuel tank opening dimension at the point of attachment to the fuel sending unit may be out of specification. If this condition is present, the seal between the sending unit and the fuel tank can possibly move out of position in the event of a crash. This can increase the potential risk of a fuel leak in the event of a crash, and increase the risk of a fire.

What Nissan Will Do

Your Nissan dealer will install a special containment ring between the fuel sending unit and the fuel tank, to help maintain the seal between them in the event of a crash. This remedy should take less than an hour to complete. Please note that your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.

What You Should Do

Contact your Nissan dealer as soon as possible to have the recall remedy completed. When you bring your vehicle in for repair, please bring it in with 3/4 tank of fuel or less. Please bring this notice with you when you keep your service appointment.

If the dealer fails to, or is unable to make the necessary repairs free of charge, you may contact the National Consumer Affairs Department, Nissan North America, Inc. P.O. Box 685003, Franklin, TN 37068-5003. The toll free number is 1-800-NISSAN1 (1-800-647-7261). You may also submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

Thank you for your cooperation. We are indeed sorry for any inconvenience this may cause you.
