RE: Non-Compliance Recall: Passenger Airbag Deactivation Indicator (PADI) Lamp Handbook Supplement

Vehicle Affected: Range Rover Sport
Model Year: 2014

National Highway Traffic Safety Administration Recall Number: 15V-571

Dear Range Rover Sport Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Land Rover has decided that certain 2014 model year Range Rover Sport vehicles fail to conform to Federal Motor Vehicle Safety Standard No. 208 - Occupant Crash Protection.

Your Vehicle is included in this Recall action.

What is the concern?

The Owner's Handbook information which details the functionality of the Airbag Status Indicator Lamp has been incorrectly described. Actual operation of the Occupant Sensor System (OSS) is not affected; however the description of operation in the Owner's Handbook does not correspond with the actual Airbag Status Indicator Lamp operation.

An Occupant that does not correctly understand airbag functionality may be at increased risk of injury in a crash.

What will Land Rover and your Land Rover retailer do?

Land Rover is carrying out a recall of the vehicles mentioned above.

There will be no charge for this repair.

What should you do?

Please place the enclosed Owner's Handbook Supplement with your vehicle's Owner's Handbook portfolio.

Attention Leasing Agencies: Federal regulations require that you forward this recall notification to the lessee within TEN (10) days.

Moved or no longer own a Land Rover?

If you are no longer the owner of this vehicle, Land Rover would appreciate the name and address of the new owner (if known); please fill out and return the enclosed return postage-paid card.
