IMPORTANT SAFETY RECALL

58 / NHTSA 15V-811

This notice applies to your vehicle (VIN: ZFF77XJA).

Dear

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Ferrari has decided that a defect which relates to motor vehicle safety exists in certain Model Year 2016 California Vehicles. We want to assure you that your safety is our priority, and we are committed to correcting this condition in your vehicle.

Your vehicle may have been fitted with a defective Low Pressure Fuel Line. This manufacturing defect is due to an improper coating treatment made by a supplier on the metallic connection of the Low Pressure Fuel Line, where it connects to the Fuel Pump, which may cause a fuel evaporation leak during engine start. Failure to have this defect remedied could lead to smoke or fire if the potential fuel evaporation leak into the engine compartment occurs.

Ferrari will repair your vehicle free of charge. The repair involves replacing the Low Pressure Fuel Connection. Please contact your Ferrari dealer and make an appointment to have this repair performed. The time needed for this repair is estimated to be 2 hours; however, your dealer may need to keep your vehicle for a longer period of time due to scheduling needs at the dealership.

If you have any questions or concerns which your dealer is unable to resolve, please contact Ferrari North America, Inc. at 201-816-2000.

Please help us update our records by filling out the attached prepaid postcard if any of the conditions listed on the card apply to you or your vehicle.

If you have already experienced this condition and have paid to have it repaired, please send your original receipts and/or other adequate proof of payment to the following address for reimbursement: Ferrari North America, Inc., 250 Sylvan Ave., Englewood Cliffs, NJ 07632 Attention: Warranty Department. Once we receive and verify the required documents, reimbursement will be sent to you within 60 days.

If you believe that Ferrari has failed or is unable to repair your vehicle without charge within a reasonable time, you may file a complaint with the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Ave., SE, Washington, D.C. 20590 or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY:1-800-421-9153) or go to http://www.safercar.gov.

We're sorry for any inconvenience, but we are sincerely concerned about your safety. Thank you for your attention to this important matter.
