***** IMPORTANT SAFETY RECALL ***
(PROGRAMA DE SEGURIDAD IMPORTANTE)**

**Safety Recall Notice 13S04 / NHTSA Recall 15V-812
Aviso de Revisión de Seguridad 13S04**

Your Vehicle Identification Number (VIN):

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company has decided that a defect which relates to motor vehicle safety exists in your vehicle, with the VIN shown above.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with your dealer, is to provide you with the highest level of service and support.

What is the issue? It may be possible for the fuel delivery module in your vehicle's fuel tank to develop a crack over time that could result in a fuel leak. If a leak occurs, you may experience symptoms of a fuel odor or liquid fuel leak. Fuel leakage in the presence of an ignition source may result in a fire.

What will Ford and your dealer do? Ford Motor Company has authorized your dealer to replace the fuel delivery module free of charge (parts and labor).

How long will it take? The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time.

What should you do? Please call your dealer without delay and request a service date for Recall 13S04. Provide the dealer with your VIN, which is printed near your name at the beginning of this letter.

If you do not already have a servicing dealer, you can access www.Fordowner.com for dealer addresses, maps, and driving instructions.

Ford Motor Company wants you to have this safety recall completed on your vehicle. The vehicle owner is responsible for making arrangements to have the work completed. Ford Motor Company can deny coverage for any vehicle damage that may result from the failure to have this recall performed on a timely basis. Therefore, please have this recall performed as soon as possible.

**What should you do?
(continued)**

Please note: Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

Have you previously paid for this repair?

If you have previously paid for a repair that addresses the issue described in this letter, you still need to have this recall performed to ensure the correct parts were used.

You may be eligible for a refund of previously paid repairs. Refunds will only be provided for service related to fuel delivery module replacement for fuel leaks. To verify eligibility and expedite reimbursement, give your paid original receipt to your dealer.

Refund requests may also be sent directly to Ford Motor Company. To request your refund from Ford, send the refund request with all required documentation, including your original repair receipt (no photocopies), to Ford Motor Company at P.O. Box 6251, Dearborn, Michigan 48121-6251. Refund requests mailed to this address may take up to 60 days to process. Your original receipt will be returned to you.

Detailed information regarding eligibility for Ford's reimbursement program and documentation requirements may be obtained by contacting the Ford Customer Relationship Center at 1-866-436-7332.

What if you no longer own this vehicle?

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.

You received this notice because government regulations require that notification be sent to the last known owner of record. Our records are based primarily on state registration and title data, which indicate that you are the current owner.

California and Massachusetts Registration Requirements

The State of California and the Commonwealth of Massachusetts require the completion of emission-related recall repairs prior to vehicle registration renewal. If your vehicle is registered in California or Massachusetts, it is subject to these requirements.

When your dealer completes this emission recall repair, you will receive a Vehicle Emission Recall Proof of Correction certificate. **Please make sure that you receive a certificate from your dealer and that you have it with you when you renew your vehicle registration.**

It is also important for you to know that the certificate should be returned to the Department of Motor Vehicles (DMV) only if it is requested by the DMV. Otherwise, this certificate is to be held by you for your records.

In order to ensure your full protection under emissions warranty provisions, and to avoid any inconvenience when renewing your registration, it is recommended that you have your vehicle serviced as soon as possible. Failure to do so could be determined as lack of proper maintenance of your vehicle.

**Can we assist
you further?**

If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance.

RETAIL OWNERS: If you still have concerns, please contact the Ford Motor Company Customer Relationship Center at 1-866-436-7332 and one of our representatives will be happy to assist you. For the hearing impaired call 1-800-232-5952 (TDD). Representatives are available Monday through Friday: 8:00AM - 8:00PM (Eastern Time).
