

IMPORTANT SAFETY RECALL

CERTAIN MODEL YEAR 2014 - 2015 MCLAREN P1™ VEHICLES

This notice applies to your vehicle, XXXXXXXXXXXXXXXXXXXX.

Dear XXXXXXXXXXXXX:

>>> This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. McLaren Automotive Incorporated ("McLaren") has decided that certain of its Model Year 2014 - 2015 McLaren P1™ vehicles fail to conform to Federal Motor Vehicle Safety Standard No. 113, "Hood Latch System".

What is the issue?

McLaren has determined that an increase in tolerance in two of the internal components of the McLaren P1™ hood latch might cause the secondary latch to become disengaged. By pressing and then re-engaging the button found in the front trunk, the solenoid plunger in the secondary latch may miss the latch hole, causing the secondary latch to remain disengaged. If you inadvertently fail to engage the primary hood latch, by not closing the hood correctly for example, the disengaged secondary latch may not retain the hood, possibly causing the hood to open when the vehicle is moving. This has the potential to cause an accident without warning.

What will McLaren do?

McLaren will replace the hood latch in your vehicle with a newly designed hood latch, AT NO CHARGE.

What should you do now?

Until you can obtain the replacement latch, please take steps to assure that the primary hood release is engaged after you close the hood.

Please contact your dealer promptly to schedule an appointment to have the hood latch in your vehicle replaced as soon as possible. The replacement will take approximately 30 minutes. Depending on the dealer's work schedule, it may be necessary for you to make your vehicle available for a longer period of time.

You do not need to bring this letter with you to the dealer to have this remedy performed. However, to assist the dealer to confirm vehicle eligibility, we request that you present this letter to the dealer at the time of your scheduled appointment. If you have any questions about this recall, you may contact McLaren Customer Service at McLaren Automotive Inc. at (646) 429-8916 on Monday to Fridays between 9am and 6pm.

If you are a vehicle lessor, Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the vehicle lessee within ten days of your receipt of this letter.

If you believe that the dealer or McLaren has failed, or is unable to remedy the defect without charge within a reasonable time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue S.E., Washington, DC 20590, or you may call the toll-free Vehicle Safety Hot Line at 1-888-327-4236 (TTY: 1-800-424-9153), or go to <http://www.safercar.gov>.

We sincerely regret any inconvenience this condition may have caused you. However, your safety is our highest priority.

Yours Sincerely,

>>>

Anthony Joseph
President
