February 2015

IMPORTANT SAFETY RECALL
This Notice Applies To Your Recreational Vehicle _____
NHTSA Recall Campaign # 15V-848

Dear Valued Jayco Alante Owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Jayco has decided that certain Model Year 2016 Alante Class A Motor homes manufactured November 3, 2015 through November 23, 2015 fail to conform to Federal Motor Vehicle Safety Standard number 210 “ Seat Belt assembly anchorage”.

The affected motor homes do not have the proper backer plate to anchor the seat belt bracket for the forward and rearing facing **dinette seats**. Improper anchoring of a seat belt may allow the belt to loosen/pull away from the seat and not restrain the passenger to prevent injury or death if the motor home would stop suddenly or be involved in a crash.

Do NOT sit in either of the Dinette Booth Seats while your motor home is moving, until the Recall Remedy has been performed on all four (4) seat belts.

The remedy is for a Jayco dealer to install a new backer plate to each seat belt bracket (2 per seat) with new bolts and fasteners, torqued at 35ft lbs. The remedy will be at no charge to you and take approximately one hour to complete. If you paid to have this repair performed before you received this letter, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this recall. For more information or if you are unable to have this repair performed, please contact Jayco Customer Service at 800-517-9137 for assistance.

If your Jayco dealer is unable to perform the recall within a reasonable time frame, please contact Jayco Customer Service for further instructions. If you choose to take your vehicle to a non-Jayco dealer, they must contact Jayco prior to making the recall repairs for proper authorization and instruction. Federal regulations require that any vehicle lessor receiving this notice must forward a copy of this notice to the lessee within **ten days**.

If, however, you take your recreational vehicle to your dealer on the agreed service date and the dealer does not remedy this condition on that date or within three (3) days, please contact our Customer Service Department at 800-517-9137. If after contacting your dealer and Customer Service you are not able to have the safety defect remedied without charge and/or within a reasonable time, you may wish to submit a written complaint to the Administrator, national Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

We certainly regret this inconvenience; however your safety and satisfaction with your Jayco Alante are important to us.

Sincerely,
Jayco Motorized Division
