Subject: Updated Recall 15V-660: Electro-Hydraulic Power Assist Steering (EHPAS) System

Message Recipients: General Managers, Sales Managers, Service and Parts Managers, Service Managers, Shop Foremen, Service Technicians

Message Text:

As an update, Voluntary Safety Recall 15V-660 involving the MINI Electro-Hydraulic Power Assist Steering (EHPAS) System has been released today. Vehicles which require this Recall Campaign to be completed will show it as "Open" when checked either in AIR, the "Service Menu" of DCSnet (Dealer Communication System) or with the Key Reader.

Customer letters will be mailed on Friday, March 4, 2016. This will inform them to visit a dealer and have the repair performed. Attached are SI M32 02 15 and Customer Final Letter with more information.

Please be reminded that it is a violation of Federal law for you to sell, lease or deliver any vehicle covered by this notification until the recall repair has been performed. This means that centers may not legally deliver new motor vehicles to a consumer until it is fixed or use/sell replacement equipment/parts subject to a Recall. Note also that substantial civil penalties apply to violations of this law. Also, you should not sell, lease or deliver any Certified Pre-Owned or used vehicles subject to a safety, emission or non-compliance recall until the repair is completed. Please follow any special instructions that we provide to you for the return or disposition of recall parts.

Sincerely, Eugene Aton, Technical Service
