RE: 2003 MDX
NHTSA Recall 15V-045

IMPORTANT

- **Your vehicle is included in a safety recall and should have the recall service done as soon as possible.**
- **Any authorized Acura dealer will perform the recall service at no charge to you.**

VIN: <VIN>

Dear <FirstName/LastName>:

What is the reason for this notice?

Our records indicate that a SAFETY RECALL has not been completed on this vehicle; refer to the address card for the affected VIN. In certain 2003 Acura MDX vehicles, there is a potential failure with the SRS electronic control unit, which may cause an airbag to deploy without a crash. An airbag that inadvertently deploys while the vehicle is in motion may distract the driver, increasing the risk of a crash.

What will Acura do?

Call any authorized Acura dealer and make an appointment to have your vehicle's SRS electronic control unit replaced **at no cost to you**.

If you have questions

If you have any questions about this notice, or you need assistance locating a dealer, you may contact Acura Client Relations at 1-888-234-2138. You may also find this information at www.myAcura.com.

Sincerely,
