RE: 2002-2003 Odyssey
NHTSA Recall 15V-370

IMPORTANT

- **Your vehicle is included in a safety recall and you should have the recall service done as soon as possible.**
- **Any authorized Honda dealer will perform the recall service at no charge to you.**

Dear :

What is the reason for this notice?

Our records indicate that a SAFETY RECALL has not been completed on this vehicle; refer to the address card for the affected VIN. Honda has decided that a safety defect exists in certain 2002-2003 Odyssey vehicles. The front passenger airbag inflator in your vehicle may rupture when deploying during a crash. The potential for a rupture may occur in some of the specified airbag inflators after several years of exposure to persistent conditions of high absolute humidity. In the event of a front passenger airbag inflator rupture, metal fragments could pass through the airbag cushion material, potentially resulting in injury to vehicle occupants. The risk of such an occurrence increases over time. It is imperative you schedule an appointment with an authorized Honda dealer now to avoid this condition in the future.

What will Honda do?

Honda will replace your vehicle's passenger's front airbag inflator **free of charge**. Call any authorized Honda dealer and make an appointment to have your vehicle repaired.

If you have questions

If you have any questions about this notice, or you need assistance locating a dealer, contact the Honda Customer Support & Campaign Center at 1-888-234-2138. You may also find this information at www.Hondacars.com.

We apologize for any inconvenience this safety recall may cause you.

Sincerely,

American Honda Motor Co., Inc.

NOTICE: If this is a leased vehicle, please forward this notice to the lessee.
