Dear «Model» owner:

*This notice is sent to you in accordance with the requirements of the U.S. National Traffic and Motor Vehicle Safety Act.*

In November 2015 and January 2020, owner notifications were sent regarding the above-referenced product safety recall. We have not received confirmation that all the machines have been updated. To read more about this potential safety hazard, a copy of the first notice is included for your reference. **Note: If Vermeer learned of your ownership after mailing of the first notice, this will be your first notice.**

Vermeer has decided that a defect, that relates to motor vehicle safety, exists in certain model year 2003-2016 Vermeer «MODEL».

Our records indicate that the product safety update **may not** have been installed on your Vermeer «Model» brush chipper/stump cutter.

To compensate you for your time in installing the reflectors, please complete and return the self-addressed, pre-paid Work Completion Certificate either by US Mail, email: [productsafety@vermeer.com](mailto:productsafety@vermeer.com) or fax: 641.621.7739.
