**\*\*\* IMPORTANT SAFETY RECALL \*\*\*  
(PROGRAMA DE SEGURIDAD IMPORTANTE)**

**Safety Recall Notice 15S10 / NHTSA Recall 15V-172  
Aviso de Revisión de Seguridad 15S10**

2013 MKT

This notice applies to your vehicle,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

The Lincoln Motor Company has decided that a defect which relates to motor vehicle safety exists in your vehicle with the Vehicle Identification Number (VIN) shown above.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with your dealer, is to provide you with the highest level of service and support.

**What is the issue?** On your vehicle, the brake booster vacuum pump relay may overheat due to an internal fault or a resistive short caused by contamination. This condition could potentially lead to smoke or fire.

**What will Lincoln and your dealer do?** The Lincoln Motor Company is working closely with its suppliers to produce parts for this repair. When parts become available for Safety Recall 15S10, The Lincoln Motor Company will notify you via mail to schedule a service appointment with your dealer for repairs to be completed free of charge (parts and labor). Parts are anticipated to be available in June 2015.

**What should you do?** When parts are available, The Lincoln Motor Company will send a letter to inform you that parts are available and to contact your dealer to schedule a repair. Please wait to contact your dealer, unless you are currently experiencing a concern with your vehicle. Some customers have reported that the brake warning lamp was illuminated when this condition was present. If this occurs, please contact your dealer without delay.

Thank you for your attention to this important matter.
