**INTERIM NOTICE**

We are currently preparing the remedy. We will notify you again when the remedy is ready.

## IMPORTANT SAFETY RECALL (INTERIM NOTICE)

This notice applies to your vehicle, VIN: XXXXXXXXXXXXXXXXXXXX

Dear Hyundai Sonata Owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Hyundai has decided that a defect which relates to motor vehicle safety exists in certain US manufactured model year 2015 Hyundai Sonata sedan vehicles produced beginning on April 25, 2014 through December 4, 2014. Our records indicate that your vehicle falls within this production date range.

The purpose of this letter is to explain what the recall is about and to keep you informed of Hyundai's implementation plan. We are currently making preparations to implement the Safety Recall remedy. We will send you another notification when the remedy is available.

### What is the problem?

- The front passenger seat belt buckle may jam preventing the front passenger from fastening the seat belt. If the front passenger rides in the front passenger seat with the seat belt unlatched, this could increase the risk of injury in the event of a crash.

This condition does not result in partial latching of the belt, and does not affect the driver or rear passenger seat belt buckles.

### What should you do in the interim?

- We appreciate your patience while we prepare an adequate level of service parts for this recall. In the meantime, if you wish to have your vehicle inspected prior to the availability of the remedy, please make an appointment with your authorized Hyundai dealer.

You will receive a second owner notification letter when the remedy is available. For updated information regarding this Recall Campaign, please visit:
