IMPORTANT SAFETY RECALL

This interim notice applies to your vehicle, [REDACTED]
2015 Replace Camshaft
NHTSA Recall # 15V662

December, 2015

Dear Mercedes-Benz Owner,

This interim notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Daimler AG (DAG), the manufacturer of Mercedes-Benz vehicles, has decided that a defect which relates to motor vehicle safety exists in certain Model Year 2015 and Model Year 2016 vehicles equipped with four-cylinder gasoline engines. Our records indicate that your vehicle is included in the affected population of vehicles.

Recently, Mercedes-Benz USA, LLC (MBUSA) announced a recall involving certain Model Year 2015 - 2016 CLA-Class, GLA-Class, and SLK-Class vehicles. The purpose of this letter is to explain what the recall is about, what MBUSA is doing to correct it, and when parts will be available.

WE SENT YOU THIS NOTICE BECAUSE WE ARE CONCERNED ABOUT YOUR SAFETY.

Due to a production error at a supplier, the weld on certain camshafts may not have been placed at the intended position. In the affected vehicles, one or both camshafts could break and damage the engine until it stalls. If this situation occurs, the engine cannot be restarted. An engine stall without warning while driving can increase the risk of a crash.

We are working to obtain the necessary parts to correct this condition as quickly as possible. As parts become available, we will send you another letter asking you to take your vehicle to an authorized Mercedes-Benz dealer to have the repair conducted free of charge.

In the event that you are no longer the vehicle owner, or have had a change of address, please complete the reverse side and return the updated information in the enclosed envelope. If this is a leased vehicle and the lessor and registered owner receive this notice, please forward this information by first class mail to the lessee within 10 days to comply with federal regulations.

Should you have any questions or encounter any difficulty regarding this Recall Campaign please contact an authorized Mercedes-Benz dealer. If for any reason a dealer is unable to remedy your situation, we are always happy to hear from you. Please contact us at 1-(800) FOR-MERCEDES (1-800-367-6372). A new vehicle identification number (VIN)-based recall lookup tool, on our MBUSA.com website, now offers a search function that will indicate whether a vehicle has been subject to a safety recall, and whether that vehicle has had the free remedy performed. See www.MBUSA.com/recall.

If an authorized Mercedes-Benz dealer or MBUSA fails or is unable to perform this service without charge within 60 days, pursuant to law 49 U.S.C. Chapter 301, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, S.E., Washington, D.C. 20590 or call the toll-free Auto Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153); or go to <http://www.safercar.gov>.

We regret any inconvenience this situation may cause you.

Sincerely,

Mercedes-Benz USA, LLC
