

SAFETY RECALL NOTICE

This notice applies to your vehicle, 4KLC4J1N28J [REDACTED]

December 2015

Dear Customer,

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Your 2008 model year ISUZU, N-Series vehicle, VIN 4KLC4J1N28J [REDACTED] is involved in safety recall 15V-704.

WHAT IS THE CONDITION?

The manufacturer, Isuzu Motors Limited, has decided that a defect, which relates to motor vehicle safety, exists in certain Model Year 2006-2008 Isuzu N-Series and Chevrolet/GMC W-Series vehicles equipped with 6.0L gasoline engines. In the affected vehicles, certain fuel tanks may be susceptible to premature corrosion on the external surface of the tanks, which may result in a fuel leak, increasing the risk of a fire.

Isuzu is working hard to secure replacement parts to replace your fuel tank with a new fuel tank, as set forth below. Unfortunately, parts are not yet available. If you smell gas, if your “check engine” light illuminates, or if your fuel tank appears to be leaking, please bring it to an Isuzu dealer. Otherwise, Isuzu will notify you once parts become available and ask you to bring your vehicle to an Isuzu dealer at that time.

WHAT WE WILL DO

Isuzu will replace the affected fuel tank with a new fuel tank manufactured with a more durable and higher quality coating at **no charge**.

PARTS ARE NOT CURRENTLY AVAILABLE for this remedy. We are working as quickly as possible to obtain the necessary parts. When parts become available in your area, we will send you another letter asking you to take your vehicle to your dealer to have your vehicle serviced.

IMPORTANT: If you have sold or traded your Isuzu vehicle, please enter the owner's name and address, if known, on the attached "Change of Information" postcard, tear off at both perforations, and drop it in the mail. Postage has already been paid. We will contact the new owner.
Federal law requires that any vehicle lessor receiving this campaign notice must forward a copy of this notice to the lessee within ten days. Lessor means a person or entity that is the owner, as reflected on the vehicle title, of any five or more leased vehicles.

WHAT YOU SHOULD DO

In the meantime, please check your fuel tank for a leak. If fuel is leaking from the tank, contact your dealer to schedule an appointment. Present this Owner Notification Letter at the time of your appointment. The dealer will check to determine whether the source of the leak is the fuel tank. If the fuel tank is determined to be the cause of the leak, the dealer will contact its Isuzu representative for further action prior to the recall remedy parts becoming available.
