IMPORTANT SAFETY NOTICE 2nd NOTICE

RE: Notice of Possible Defect Second Notice
Trailer Serial # **709354**
15V440

Dear Sir:

This notice is sent to you in accordance with the National Traffic and Motor Safety Act. Wilson Trailer Company has determined that a defect that relates to Motor Vehicle Safety exists in certain Wilson Grain Trailers manufactured between January 30, 2006 and March 10, 2015. The defect concerns an optional aluminum kingpin assembly with a recessed kingpin and a lube plate installed.

You are being notified because your trailer was manufactured with the optional aluminum kingpin assembly and a recessed kingpin with a lube plate installed. This defect results in cracked welds attaching the bolster plate to the pickup plate potentially causing the aluminum pickup plate to crack and fail. Failure of the aluminum pickup plate can result in separation of the trailer from the tractor.

To remedy this defect the trailer kingpin assembly must be inspected for broken or cracked welds and cracking of the aluminum pickup plate. The inspection will determine the modification or repair required. Please contact your Wilson dealer or authorized repair facility to coordinate inspection, modification, or repair. The inspection, modification, or repair will be provided to you at no cost.

If you have questions regarding this notice, please contact your Wilson dealer or Clarence Dahl or Todd Heitman at Wilson Trailer Company, at 1-800-798-2002, or if you do not presently own the above listed trailer, please contact Dan Grote at Wilson Trailer Company at 1-800-798-2002.

Federal regulations require that any lessor receiving this recall notice must forward a copy of the notice to the lessee within 10 days.

If you had this repair performed before you received this letter pertaining to this defect, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this recall. For more information, contact Wilson Trailer Company, Clarence Dahl or Todd Heitman at 1-800-798-2002.

We regret any inconvenience that this action may cause you. However we are concerned about your safety. If your dealer fails to or is unable to remedy this defect without charge or within a reasonable time, you may submit a written complaint addressed to Administrator, National Highway Safety Administration, 1200 New Jersey Avenue SE, Washington, DC 20590, or call toll free, Auto Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153) or go to <http://www.safercar.gov>.

Sincerely

A handwritten signature in blue ink that reads 'Clarence Dahl'.
