

IMPORTANT: SAFETY RECALL REMINDER

In December 2015, we notified you of a Safety Recall involving the brake system on your GL1800/GL1800B motorcycle. At the time, we advised owners of the following:

There is a possibility the secondary master cylinder may cause the rear brake to drag. Unexpected braking increases the risk of a crash and riding the motorcycle with the rear brake dragging may generate enough heat to cause the rear brake to catch fire.

According to our records, you have not yet had your affected motorcycle repaired. Please call your authorized Honda motorcycle dealer to schedule an appointment as soon as possible. This recall repair will be performed free of charge.

If your motorcycle has already been repaired, or if you no longer own this motorcycle, please let us know by filling out the included, postage paid, *Information Change Card*. We will update our records and stop sending you reminder notices.

If you have any questions about this recall, your authorized Honda motorcycle dealer will be happy to assist you.

Sincerely,

**American Honda Motor Co., Inc.
Motorcycle Division**
